RE: Notice of Public Hearings for CPA 19-24, the proposed amendment of the Future Land Use Map; the Zoning Atlas for the Old Palm City Community Redevelopment Area (CRA); and Article 12, Division 4, Old Palm City Redevelopment Code, Land Development Regulations (LDR).

Dear Property Owner:

You are receiving this notice because you are either the owner of property within the Old Palm City Community Redevelopment Area boundary or the owner of property within 1000 feet of the CRA boundary.

Please be advised that most land within the Old Palm City CRA is the subject of an application to change the future land use designations:

From: Low Density Residential, Medium Density Residential, Commercial Office/Residential, Limited Commercial, General Commercial, General Institutional, or Old Palm City Mixed-Use Overlay.

To: CRA Center, CRA Neighborhood, Public Conservation, Recreational or General Institutional future land use designations.

And to change the zoning districts:

From: R-1A Single-family Residential, R-2B Single-family Residential, R-3A Liberal Multiple-Family, R-4 Multiple-Family Residential, RM-5 Low Density Residential District, RS-6 Medium Density Residential, HB-1 Limited Business, B-1 Business, B-2 Business-Wholesale Business, COR-1 Commercial Office/Residential, LC Limited Commercial, CC Community Commercial, GC General Commercial, LI Limited Industrial zoning districts, and the CRA Boulevard, Town Center, and Gateway zoning overlay districts.

To: Old Palm City Redevelopment, Public Service1, Planned Unit Development, or the most appropriate Zoning Districts.

And to assign Zoning Subdistricts pursuant to the proposed Regulating Plan, Article 12, Division 4, LDR.

The proposed changes include removal of future land use designations and zoning districts from roadway Rights-of-Way.

It is proposed that the CRA Mixed-Use Future Land Use Overlays and the CRA Zoning Overlay Districts will be eliminated. Institutional future land use designations would be retained. Planned Unit Development and Institutional zoning districts would also be retained.

No changes in the future land use or zoning designations are proposed for properties outside of the Old Palm City CRA boundary. Owners of properties outside of the Old Palm City CRA boundary are being notified of the proposed changes as required by the Martin County Comprehensive Growth Management Plan and the Land Development Regulations.

Please see the enclosed map and "Frequently asked Questions" for more information.

"Frequently asked Questions"

Frequently Asked Questions

1. What is a CRA?

A Community Redevelopment Area (CRA) is a special geographic area where the community has determined that redevelopment of both public and private facilities should occur according to a redevelopment plan. Old Palm City is one of six communities in Martin County that carry the special designation of CRA. As development occurs, a portion of the additional tax increment collected by the County, based on the increased property valuation, is reinvested in the Old Palm City CRA to promote economic growth, sustainable development and improved quality of life.

2. What is the Future Land Use Map?

The Future Land Use Map depicts the generally desired type of development in different locations in the County. The “underlying” future land use designations present in the Old Palm City CRA are Low Density, Medium Density, Limited Commercial, General Commercial, Commercial Office/Residential, Industrial, General Institutional and Recreation.

3. What are the Mixed-Use Future Land Use Overlays?

The Mixed-Use Future Land Use Overlays allow, but do not require, a mix of residential and commercial uses in the same project. The mixed-use development option is in addition to the development permitted by the future land use designation. There is one Mixed-Use Future Land Use Overlay in the Old Palm City CRA.

4. What is the Zoning Atlas?

While the future land use designations establish the general type of development allowed, such as residential or commercial, the zoning districts provide more detailed standards regarding permitted uses, such as detached single family dwelling or multi-family, and development standards, such as setbacks and building height. The Zoning Atlas is the map of the County’s zoning districts.

5. What changes are proposed?

Future Land Use Map – The Old Palm City Mixed-Use Future Land Use Overlays and most of the “underlying” future land use designations will be replaced by two new future land use designations called CRA Center and CRA Neighborhood. Some County owned land will be designated Public Conservation or General Institutional. The Industrial, General Institutional and Recreation future land use designations will be retained.

Zoning Atlas - The thirteen (13) “underlying” zoning districts, and the three (3) separate Old Palm City Zoning Overlay Districts will be replaced with the Old Palm City Redevelopment, Public Conservation and Public Service Zoning Districts and several zoning sub-districts.

6. What is the Process?

The Future Land Use Map is part of the County's Comprehensive Growth Management Plan and is one of the primary tools for managing land development. The Future Land Use designation of a parcel of land determines the general type of use allowed and the maximum level of density or intensity allowed (such as the number of residential units per acre). A change to the Future Land Use Map requires three public hearings as detailed below.

1. Local Planning Agency (which makes a recommendation to the Board of County Commissioners).
2. Board of County Commissioners (to determine whether the proposed amendment should be transmitted to the Florida Department of Economic Opportunity, the state land planning agency that oversees and coordinates comprehensive planning).
3. Board of County Commissioners (to determine whether the proposed amendment should be adopted).

7. How will the proposed amendments affect me if I own property in the Old Palm City CRA?

The County and the Community Redevelopment Agency believe the current regulatory structure impedes realization of the vision for the Old Palm City CRA contained in the Old Palm City Redevelopment Plan and the County Comprehensive Growth Management Plan. The intent of the proposed amendments is not to substantially change the permitted uses or development standards applicable within the Old Palm City CRA, though there will be some adjustments. The intent is to eliminate the difficulties caused by too many layers of regulations.

The proposed changes will permit development of a residential project, a commercial project, or a mixed-use project subject to the proposed development standards within the Old Palm City CRA.

8. Are there other plan amendments for the CRA?

Yes. In 2017, the Board of County Commissioners initiated text amendments to the Comprehensive Growth Management Plan (CGMP) that will “strengthen Goals, Policies and Objectives that encourage in-fill development and redevelopment in the Community Redevelopment Areas (CRAs).” This amendment creates a new Chapter of the CGMP for the CRA areas. In addition, it addresses five CGMP policies that impact redevelopment: Design of Mixed-use Future Land Use Overlays; Mixed-use project versus mixed-use neighborhood; Density Transition; Upland Preservation and Shoreline Protection. These amendments also followed a public hearing schedule, have been adopted by the Martin County Board of County Commissioners and are now in effect.

9. How can I learn more about the proposed changes?

- a) **WATCH**, on MCTV or **ATTEND**, the presentation of the proposed changes made at these public meetings:
 - a. The November 18 meeting of the Old Palm City Neighborhood Advisory Committee;
 - b. The November 25, 2019 meeting of the Community Redevelopment Agency;
 - c. The December 5, 2019 meeting of the Local Planning Agency;
 - d. The December 17, 2019 meeting of the Board of County Commissioners.
- b) **CALL** or **EMAIL** Irene Szedlmayer, Senior Planner, Growth Management Department at 772-288-5931 or iszedlma@martin.fl.us with your questions.

Mine waste gift bags pulled from shelves

Amy Beth Hanson
ASSOCIATED PRESS

HELENA, Mont. – Environmental regulators have put a halt to a Montana business association's sale of sandwich bags of mining waste advertised as a "Bag O'Slag."

Environmental Protection Agency officials overseeing the Superfund site cleanup of pollution from nearly a century of smelting operations in Anaconda came across the potentially toxic tchotchkes for sale by the city's chamber of commerce. The slag, a byproduct of smelting copper, contains small amounts of arsenic and lead.

Mary Johnston, the chamber's executive director, said the EPA asked the chamber to stop selling the black slag in a resealable bag and gave them some alternatives.

Anaconda's Old Works Golf Course – which has slag in its sand traps – sells souvenir slag and a golf ball in a sealed container.

The Environmental Protection Agency said souvenir bags of mining slag could have health risks. The slag contains small amounts of arsenic and lead.

MARY JOHNSTON/ANACONDA CHAMBER OF COMMERCE VIA AP

Johnston says the chamber sold up to 40 bags a summer for \$2 apiece alongside Montana history books and huckleberry jam.

"It's a silly little thing, but I under-

stand, they're concerned," Johnston said Monday. "It was not a big money-maker. It was just a novelty item we could offer."

The bags had a picture of the Anaconda smokestack and part of the slag pile on the front and information about the slag on the back, including a warning against handling it because it has characteristics similar to broken glass.

"While we expect minimal risks associated with the normal handling of the souvenir slag, we will be evaluating the material and are advising those in possession of the bags to dispose of them as normal household waste as a precaution," said Rich Mylott, a regional spokesman for the Environmental Protection Agency.

Superfund sites in southwestern Montana have created a sort of toxic tourism.

In nearby Butte, visitors can pay \$3 to view the Berkeley Pit, a former open pit copper mine filled with acidic, metal-laden water that is now being treated so

it can be released into a nearby creek.

The Jack Nicklaus-designed golf course was built in the mid-1990s to cap mining waste and to help boost Anaconda's economy.

Driving into Anaconda, the skyline is dominated by a 585-foot brick smokestack – the area is a state park – and the enormous slag pile that is 2,600 feet long, 2,100 feet wide and up to 275 feet tall.

Charlie Coleman, the remedial project manager for the EPA, told The Montana Standard in January 2016 that the slag "doesn't pose a big threat to human health or the environment."

The Superfund cleanup plan allows for the estimated 26.5-million-ton pile of slag to be maintained as a resource, rather than waste. It can be used as blasting media, to manufacturing roofing or other building material, as underground pipe bedding material and controlled landscaping for the golf course, the agency said.
