Market values shown on the website reflect market conditions as of January 1st, the statutory assessment date. We are prohibited by law from relying on sales that occur after the January 1 assessment date. Therefore, market values shown on the website do not reflect today's market conditions, but rather the market conditions last year. In addition, the statutes require the county Property Appraiser to deduct for typical costs of sale (which include expenses such as commissions, title insurance, appraisals, inspection fees, etc.) when arriving at market value for tax purposes. That is why the market value for tax purposes is different from what a property would sell for today.

This record should include the testimony and evidence upon which the appeal is to be based.

Comprehensive Future Land Use Designation Facts: The Future Land Use Map is an exhibit of the Martin County Comprehensive Growth Management Plan which is one of the primary tools for managing land development. The Future Land Use designation of a parcel of land determines the general type of use allowed, as well as the maximum level of density or intensity allowed (such as the number of residential units per acre). The zoning regulations provide one or more zoning districts for implementing each Future Land Use designation. The zoning designation determines, in more detail than the Future Land Use designation, what type and level of development may occur. A change to the Future Land Use Map requires the following legislative public hearings:

1. Local Planning Agency, which makes recommendations to the Board of County Commissioners (done on June 1, 2023).
2. Board of County Commissioners, to determine whether the proposed amendment should be adopted.

Ability to intervene in the quasi-judicial public hearing to change the zoning district classification: A person may participate as an Intervenor in the quasi-judicial hearing on the rezoning. An Intervenor can ask questions of the staff and applicant and can provide testimony. To be an Intervenor, a person must qualify to receive mailed notice of the application in accordance with Article 10, Section 10.6.E, Land Development Regulations, Martin County Code. In addition, an Intervenor must file a form of intent with the County Administrator at least seven (7) business days prior to the Local Planning Agency (LPA) or Board of County Commissioners (BOCC) meeting. No fee will be assessed. If the Intervenor is representing a group/association, he/she must file a letter on official letterhead, signed by an authorized representative of the group/association, stating that he/she is authorized to speak for the group. Forms are available on the Martin County website www.martin.fl.us. Any documentation, including any digital media, intended to be proffered as evidence must be submitted to the Growth Management Department at least seven (7) business days prior to the LPA or BCC meetings.
