RE: Kenai Properties, LLC, a Florida limited liability company  
Zoning Change from HR-2 to RS-10  
Property Address: 18071 SE Country Club Drive, Jupiter, FL 33469  
PCN: 22-40-42-000-00030-6

Dear Mr. Schilling:

This office represents the interests of Kenai Properties, LLC, a Florida limited liability company, ("Owner") as it pertains to its application to the Local Planning Agency and Martin County Commission to rezone 18071 SE Country Club Drive, Jupiter, FL 33469 (the "Property") from the HR-2 zoning district to RS-10. The Property's future land use designation is High Density.<sup>1</sup>

My client acquired the Property on February 28, 2013. The Property is located along SE Country Club Drive, just south of property owned by the Boy Scouts of America and near the Little Club, Riverbend Country Club, and North Passage Home Owners Association. The Property is approximately 3.8 miles west of SE Federal Highway (US-1).

A portion of the Property, approximately 2,400 square feet of it, is currently used for a wireless communications tower. Some other portions of the Property are used to support this purpose, including buffer areas, buffer easements, and an access easement. In the past year, the members of the LLC have investigated a potential lot split so that their son, Johnathan Albrecht, and his family can develop a single-family home on the lot. The Property will continue to retain access along SE Country Club Drive. The Albrecht family and the Owner wish to keep the parcel that contains the cell tower, and any future residential parcel separate for liability, corporate governance, homestead, and tax purposes.

Unfortunately for the Albrecht family and the Owner, the Property's existing HR-2 zoning, while permitting the two proposed uses, requires a lot width of 100 feet. The existing lot width is

---

<sup>1</sup> My client does not request any change to the Property's future land use designation.

approximately 160 feet wide, meaning a lot split in this zoning district is not permitted. My client and my client's contractor, Michael Ennis, submitted information to Martin County's Growth Management Department on or before March 1, 2024, resulting in a pre-application meeting. It was at this time that my client was informed that by rezoning the Property to RS-10, a lot split would be feasible because the minimum lot width for this zoning district is 40 feet. Rezoning and the proposed future redevelopment to a single-family home is expected to generate less than 1% of the adjacent right-of-way's generalized service capacity and, as such, will not require a Traffic Impact Analysis.<sup>2</sup>

Recently, the Owner and Albrecht family contacted our law office to assist them with the rezoning application. On March 17, 2025, my clients and I met with Growth Management staff. At this meeting County staff again suggested rezoning the Property to a zoning district with a less restrictive lot width requirement, such as RS-10. After the meeting, a title search confirmed that the Property was a legal lot of record as of September 27, 1977.<sup>3</sup>

Florida case law is clear that once the initial burden for rezoning is met, the burden then shifts to the local government that maintaining the existing zoning on a property serves a legitimate purpose or that the decision denying the rezoning is not arbitrary, discriminatory, or unreasonable.<sup>4</sup> The request to change the zoning for the Property from the HR-2 Zoning District to the RS-10 Zoning District is reasonable because the proposed use for a single-family residential home, and the existing cell tower, are permitted in each district. The requested change is solely for minimum lot width requirements less than 100 feet so that the Owner's daughter's family can establish their homestead residence on the Property. Adding a residential lot, adjacent to the existing communication tower lot, will result in a higher and better use for the Property on land that is presently vacant.<sup>5</sup>

My client's rezoning application will be consistent with and complementary to the County's existing planning and zoning, surrounding properties, and cohesive with the characteristics of the neighborhood. If you have any questions or concerns regarding this zoning change or the supporting attachments, please do not hesitate to contact the undersigned.

Sincerely,

Jared Gaylord, Esq.

/JEG

Encl.

<sup>2</sup> See Summary of Pre-Application Meeting on Kenai Properties LLC, dated on or about March 1, 2024.

<sup>3</sup> Except for a portion of the Property that was transferred to Martin County for right-of-way purposes. See Warranty Deed, dated December 30, 2016, recorded in OR Book 2900, Page 856.

<sup>4</sup> See Bd. of County Comm'rs v. Snyder, 627 So. 2d 474, 476 (Fla. 1993).

<sup>5</sup> This includes additional tax revenue to the County and an increased value for the Property. However, the new use as one single-family home will not substantially increase the existing burden on public facilities from what could be built today with the Property's existing zoning. This is merely to facilitate a lot split.
