

Dear [Organization Name],

On behalf of the Martin County Historic Preservation Board, we invite your organization to attend an upcoming Board meeting to introduce your work and share your mission.

The Board is working to strengthen connections with local historical and cultural organizations and to better understand the preservation, education, and advocacy efforts taking place throughout Martin County. Your perspective would be valuable in helping inform our work and identifying opportunities for collaboration and support.

We welcome a brief presentation about your organization, including your mission, current initiatives, and any priorities or needs related to historic preservation and cultural heritage in the community.

Attached are the Board's 2026 meeting dates. Please contact me to schedule a time to attend or to discuss any questions.

Thank you for the important work your organization does to help preserve and celebrate Martin County's history. We hope you will consider joining us.

Best regards,

Elise Raffa
