About El Camino

Get Ready to Connect, Play, and Explore!

El Camino is coming soon, linking Indian Street to Jefferson Street in Martin County. This exciting project will transform our community into a vibrant hub for outdoor fun and connection.

What You Can Expect

El Camino will feature a variety of spaces designed for everyone in our community. Enjoy walking, running, or biking along our scenic pathways, and take advantage of the fitness area, earth mounds, picnic area, and a renovated soccer field. It's all about embracing nature and fostering connections with your neighbors!

Project Features

- **Shared-Use Pathway:** Perfect for enjoying the outdoors, El Camino will provide a scenic, safe and easy-to-access pathway for walkers, joggers, and cyclists in the heart of the Golden Gate neighborhood.
- **Community Garden:** Designed to promote sustainability and healthy living, the community garden will provide hands-on learning experiences for all ages. Whether you're a seasoned gardener or a curious beginner, this vibrant space will be a source of nourishment and community pride!
- **Fitness Area:** From strength training to cardio, the fitness area will be the perfect place to stay active while enjoying the outdoors. Whether you're looking for a quick workout or a full exercise routine, this open-air gym will offer a free and accessible way to stay healthy.
- **Soccer Field:** Lace up your cleats! With improved turf and updated facilities, this field will be ideal for pick-up games, team practices, and community tournaments.
- **Earth Mounds:** Soon, grass-covered earth mounds will rise along El Camino, offering playful hills for kids to climb, cozy spots to relax, and natural seating to enjoy the views. These rolling mounds will bring a fun and dynamic element to the trail, blending nature and creativity for everyone to enjoy.
