In accordance with Section, 287.057(3)(c), Florida Statutes, the Board of County Commissioners, Martin County, Florida, intends to deem the goods and/or services listed herein a "single source". Vendors who believe they can meet or exceed the stated requirement must provide convincing technical data sufficient to support their position. Responses to this notice will be used to determine whether bona fide competition exists.

**E-911 CALL ROUTING**

Martin County intends to recommend award of a single source purchase agreement for IP selective routing, database services, network services and call handling equipment and services used in the provision of emergency communication (E-911) to **Airbus DS Communications**. In 2015, the County purchased a turnkey VoIP E-911 system from Airbus. This NG911 solution integrates with that system and will be fully deployed in-state and dedicated, with all voice traffic remaining in-state. They also have a **minimum of two redundant** geodiverse routers fully **in-state** in **two separate geographical locations**. These are requirements for any system that will be implemented.

The non-recurring initial setup costs are \$380,882.40. The annual amount for services will be approx. \$114,264.20.

Responses will be received **by mail or e-mail** at the address above until **5:00 PM** local time on **June 5, 2018**. Responses received after the designated time and date will not be considered and the goods/services will be deemed a single source by Martin County.

Martin County is an equal opportunity/affirmative action employer.

By order of the Board of County Commissioners of Martin County, Florida.
