Greetings Mike, John, Paul, Amy, members of the Local Planning Agency and other interested parties:

The Guardians of Martin County are pleased to support your requests to Amend the Future Land Use Map and change the Zoning on the Nine Gems property, which are Items 25-0483 and 25-0485, respectively on the Agenda for consideration by the Local Planning Agency on January 16, 2025.

The property is indeed a gem in Martin County's inventory of preserves, and we are appreciative of your efforts to both restore previously impacted portions of the property and ensure that those floral, faunal and hydrologic resources will be preserved in perpetuity.

Thank you for your continued efforts.

Please add this correspondence into the official record for CPA 24-21 FLUM and CPA 24-21 Rezoning, and forward it to the members of the LPA and other staff that may be interested. Thank you
