Help

If you search for a project and do not receive expected results or you have questions, please submit a [request for service](#) and provide details on the project.

More Info.	Name ↑	Description	Status	Type	District(s)	CRA
More Info	Dixie Hwy Resurfacing (Jefferson to Indian)	The work scope includes: milling and resurfacing of a 3,000' long segment of SE Dixie Highway (CR-A1A); repair of leaking drainage piping and drainage structures; construction of 7 raised median areas in the center turn lane to provide pedestrian crossings with refuge areas; installation of two sets of flashing pedestrian warning lights, and street lighting along the corridor. Also includes replacement of two traffic signal control cabinets; replacement of traffic signal video detection cameras on one traffic signal; new signage and striping.	Construction	Roadways	District 2	Golden Gate
More Info	Ridgeway Fire Station #33	Relocation and construction of Fire Station 33 in the Seabrancho/Ridgeway corridor. The contract for the construction of the new facility at the intersection of US 1 and Heritage Blvd has been awarded to local contractor, The Morganti Group. All site permits for the project have been issued and the bonds and insurance documents have been received. The project includes the construction of a right-hand turn lane from US 1 into the west side of the project. FDOT has issued a permit for the turn lane and a contract was awarded to J W Cheatham for the construction. The turn lane construction is complete.	Construction	Facilities	District 3	
More Info	96th Street Staging Area for the Artificial Reef Program	Designing and permitting a new bulkhead at 96th Street site will allow the County to have waterfront access for loading and unloading of barges during Artificial Reef projects. The entire project will be to construct a bulkhead the entire length of the right-of-way under the Arundel Bridge.	In Design	Coastal	District 4	
More Info	Airport Operations Center and Airfield Electrical Vault - Construction	Construct new airport operations center building and Airfield Electrical Vault The current building does not meet the space requirements for the Airport staff and operations. The location occupies valuable airside property.	Construction	Airport	District 2	
More Info	Automatic Meter Read (AMR) Replacement	3200 water meters are being replaced per year throughout the County.	Construction	Utilities, Water & Sewer	District 1 District 2 District 3 District 4 District 5	
More Info	Beau Rivage Neighborhood Restoration	Infrastructure Reinvestment Program project includes the replacement of drainage structures, regrading of drainage swales, addition of sewer force main, pavement milling & resurfacing, and replacement of sidewalk & other ancillary items within the neighborhood. This project completes the neighborhood restoration of the Beau Rivage subdivision	In Design	Neighborhood Restoration	District 1	
More Info	Beau Rivage Water Main Assessment with Force Main	Proposed water assessment. Will construct a low pressure sewer collection system if the water assessment is approved by the Board of County Commissioners.	In Design	Utilities, Water & Sewer	District 1
