D. Completeness Sufficiency Review

Applications submitted for completeness/sufficiency review meetings held on Mondays, must be received by the Growth Management Department no later than 4 p.m. the previous Thursday or in the event of a holiday, 4 p.m. Wednesday. Applications received on Fridays will be scheduled for the following week.

E. Certification by Professionals

Section 10.5.F.6.h., Article 10, Development Review Procedures, Land Development Regulations (LDR), Martin County Code (MCC) provides the following:

When reviewing a development application that has been certified by a professional listed in F.S. § 403.0877, F.S., the County shall not request additional information from the applicant more than three times, unless the applicant waives the limitation in writing. If the applicant states in writing that the request for additional information is not authorized by ordinance, rule, statute, or other legal authority, the County, at the applicant's request, shall proceed to process the application for approval or denial. (125.022(1), Fla. Stat.)

This box must be checked if the applicant waives the limitations.

F. APPLICANT or AGENT CERTIFICATION

I have read this application, and to the extent that I participated in the application, I have answered each item fully and accurately.

PROJECT NARRATIVE
Discovery PUD,
Phase 1C, Tract M2
Maintenance Facility Final Site Plan

July 31, 2024

EXISTING PROPERTY CHARACTERISTICS

The 1,530-acre (+/-) subject property is located north of Bridge Road, approximately one mile east of the I-95 Interchange in unincorporated Martin County, Florida. The project area includes a maximum of 317 residential units on 1,530 acres, which equates to a gross residential density of approximately 1 unit per 5 acres. The residential lots will be surrounded by approximately 180 acres of lakes, an 18-hole Tom Fazio Golf Course, and more than 124 acres of native wetland and upland habitat that will be restored adjacent to the Atlantic Ridge Preserve State Park. Lakefront amenities include a Golf and Lake Club with golf cottages and a Kids Adventure Club and Sports Park. The Golf Club will also feature two driving range facilities, a Par 3 mini course and Club with teaching and practice facilities.

The existing Polo Club equestrian uses and polo fields along the Bridge Road frontage will be maintained and enhanced by additional support facilities including expansion of the existing Equestrian/Polo Club facilities, addition of an equestrian-oriented neighborhood and private riding trails throughout the project, and by the creation of “public access” from Bridge Road to the Atlantic Ridge Preserve State Park by way of an access road along the east boundary of the project and the improvements on Lot 34, namely an existing 14,000 sf barn/groom’s quarters, horse stables, parking area and paddocks, all of which will be donated to the State Park for public use.

A change in land use from Agriculture to Rural Lifestyle was adopted on September 13, 2022. The PUD Master Site Plan application, which includes a PUD Zoning Agreement and Phasing Plan, were approved at the same meeting subsequent to the adoption of land use amendment.

APPROVED PHASE 1B FINAL SITE PLAN

The 1st PUD Amendment and Phase 1B final site plan application, which includes all earthwork, lake construction, site excavation and mass grading activities to support the golf course and residential areas, construct future roads, drainageways, lake interconnections, lake littoral zones, upland transition areas and habitat restoration area, were approved along with the 1st PUD Amendment on October 24, 2023. The PUD amendment acknowledged minor changes to the master site plan, phasing plan and PUD Agreement.

Construction access to Phase 1B is provided from Bridge Road through “**Phase 1A**” and **Phase 1C**. Phase 1A consists of the existing equestrian uses and polo club facilities along SE Polo Drive and the Bridge Road frontage including 3 existing polo fields, horse paddocks improved pasture, access and parking areas. Construction access through Phase 1C is accommodated by maintaining an existing driveway on Bridge Road that will be improved with Phase 1C, which consists of future golf course maintenance facilities.

APPROVED PHASE 2A FINAL SITE PLAN APPLICATION

The Second PUD Amendment and **Phase 2A** final site plan application, which includes the construction of roads, utilities and drainage improvements that support all 317 single family lots and adjacent common areas and future development tracts, was approved on March 12, 2024. Phase 2A also includes the construction of a traffic signal at the project's main entrance on Bridge Road and construction of a public access road from Bridge Road to the existing equestrian and staging areas that will be dedicated to the Atlantic Ridge Preserve State Park to allow public access.

As noted in the PUD Agreement, the existing SE Polo Drive from SE Bridge Road to SE BlackCat Way (Grove XXIII Golf Club) shall remain in place until eastern spine road loop is constructed and certified complete by Martin County.

RECORDED PLAT

The Discovery PUD plat, which is consistent with the **Phase 2A** final site plan application, was approved on April 30, 2024 and recorded on July 15, 2024. The plat application created the individual lots, common areas and future development tracts, and included financial security and bonding requirements that ensure the completion of all required improvements prior to the sale and conveyance of individual lots.

PROPOSED PHASE 1C FINAL SITE PLAN APPLICATION

The proposed Phase 1C final site plan is consistent with the approved master site plan, phasing plan and the recorded plat. It is located on Tract M2, which was created by way of the recorded plat, in the southwest quadrant of the project. The site plan includes existing and proposed agricultural and golf maintenance facilities, such as compost areas, sod nursery, cart storage, sheltered work areas, administrative offices and associated parking and infrastructure. It also includes an existing access drive on Bridge Road and a 50' wide landscape berm along the entire Bridge Road frontage. The access drive will be improved, and the landscape buffer will be enhanced as part of this application. Temporary use of wells and septic tanks is proposed in accordance with the 2nd Amendment to the Discovery PUD Agreement.
