April 9, 2024

Mr. Howie Gonzales Dep District Engineer
U. S. Army Engineer District, Jacksonville
P.O. Box
Jacksonville, FL 40201-0059

Dear Mr. Gonzales:

Martin County, hereinafter called the "Sponsor", is interested in obtaining Corps of Engineers assistance in addressing Environmental Infrastructure projects under the provisions of Section 8375 (319) of the Water Resources Development Act of 2022.

We understand the Section 219 Program provides the authority for the Corps to assist a non-federal interest for carrying out water-related environmental infrastructure and resource protection and development projects. The Sponsor is seeking assistance with the Martin County septic to sewer conversion and stormwater retrofit programs. We understand the cost share for the non- federal interest shall not be less than 25%, expect that such share shall be subject to the ability of the non- Federal Interest to pay.

We are also aware that the local sponsor is responsible for operating and maintaining the project upon completion of construction.

This letter constitutes an expression of intent and not a contractual obligation and we understand that the Sponsor or the Corps may opt to discontinue the project development process prior to the execution of the Project Cooperation Agreement (PCA) which occurs at the end of the Planning, Design and Analysis, prior to award of a construction contract.

If you need additional information, please contact: John Maehl at jmaehl@martin.fl.us.

Sincerely,

Harold E. Jenkins II
Chairman

Sarah W. Woods
County Attorney
