## **B. Project description and analysis**

This is a request by HJA Design Studio, LLC on behalf of Land America 225, LLC for approval of a revised major final site plan to construct a 59,857 square foot, two-story self-storage facility and associated infrastructure on approximately 4.5 acres of an 11.1-acre undeveloped parcel. The subject site is located at 450 SE Parrot Circle, generally on the east side of South Kanner Highway, approximately 0.3 miles south of SE Pomeroy Street and directly north of Charlie's Neighborhood Bar and Grill, in Stuart. Included is a request for a Certificate of Public Facilities Reservation.

The current zoning on the property is CC, Community Commercial District, and RS-3, Low Density Residential District. The Future Land Use is Commercial General and Low Density. A mandatory rezoning was approved by the Board December 6th, 2022 MARTIN COUNTY, FLA. RES. NO. 22-12.2 (2022), rezoning the portion of land with the Low-Density FLU from A-1A, Agricultural District to RS-3, Low Density Residential District.

Staff has reviewed this application and finds that that it complies with the LDR, as detailed within this report. Staff recommends approval of this development application as consistent with the guidelines and standards of the applicable Comprehensive Plan goals, objectives and policies, as implemented in the LDR.

***G. Determination of compliance with land use, site design standards, zoning and procedural requirements – Growth Management Department***

**Findings of Compliance:**

Staff has reviewed this application and finds that it complies with the LDR, as detailed within this report. Staff recommends approval of this development application as consistent with the guidelines and standards of the applicable Comprehensive Plan goals, objectives and policies, as implemented in the LDR.

**Information #1:**

NOTICE OF A PUBLIC HEARING:

The notice of a public hearing regarding development applications shall be mailed at least 14 calendar days (seven calendar days if the application is being expedited pursuant to section 10.5.E.) prior to the public hearing by the applicant to all owners of real property located within a distance of 500 feet of the boundaries of the affected property. For development parcels which lie outside of or border the primary urban service district, the notification distance shall be increased to 1000 feet. In addition, notice shall be mailed to all homeowner associations, property owners associations, condominium associations and the owners of each condominium unit within the notice area MARTIN COUNTY, FLA., LDR §10.6.E.1. (2019).

**Information #2:**

LAND CLEARING

No land clearing is authorized prior to the pre-construction meeting for the project. Authorization for clearing to install erosion control devices and preserve barricades will be granted at the pre-construction meeting. No additional land clearing shall commence until a satisfactory inspection of the required control structures and barricades has been obtained. Authorization for the relocation of gopher tortoises within the development, as provided for by applicable state agency permits may be granted by the Growth Management Department MARTIN COUNTY, FLA., LDR SECTION 10.14.C. (2019).

***H. Determination of compliance with urban design and community redevelopment requirements – Community Redevelopment Department***

**Commercial Design**

**Findings of Compliance:**

Development review staff have reviewed the application and finds that it complies with Article 4, Division 20, Commercial Design Standards of the Martin County Land Development Regulations.

### **Community Redevelopment Area**

N/A - Staff review for compliance requirements associated with this area of regulations is not applicable to this project as currently proposed.

#### ***I. Determination of compliance with the property management requirements – Engineering Department***

N/A - Staff review for compliance requirements associated with this area of regulations is not applicable to this project as currently proposed.

#### ***J. Determination of compliance with environmental and landscaping requirements – Growth Management Department***

### **Environmental**

#### **Finding of Compliance:**

The Growth Management Department Environmental Division staff has reviewed the application and finds it in compliance with the applicable land development regulations. There are no proposed changes to the existing preserve areas or PAMP with this application.

### **Landscaping**

#### **Findings of Compliance:**

The Growth Management Department staff has reviewed the application and finds it in compliance with the applicable Land Development Regulations regarding landscaping. The applicant has proposed construction of a self-storage facility. The applicant has submitted landscape plans that provide 1.95 acres of landscape area which equates to 43% of the square feet of development area to document compliance with Section 4.663.A.1., Land Development Regulations, Martin County, Fla. (2013). Pursuant to this regulation a minimum of 20% of the total development area shall be landscaped.

Section 4.663.A.3.b. Land Development Regulations, Martin County, Fla. (2013) requires that all nonresidential developments provide at least one tree per 2,500 sq. ft. of site area: a total of 78 trees for this project. To demonstrate compliance the applicant has proposed the planting of 119 trees for this 193,981 square-foot site.

Section 4.663.A.4.a. Land Development Regulations, Martin County, Fla. (2013) requires that all nonresidential developments provide a ten-foot-wide strip of landscaping around the perimeter of vehicular use areas that includes one tree for every 30 linear feet or one tree for 300 square feet of landscape area (42 trees). To demonstrate compliance the applicant has proposed the planting of 44 trees for this perimeter of 1,260 feet.

Section 4.663.A.4.b. Land Development Regulations, Martin County, Fla. (2013) requires that all nonresidential developments provide one 500-square-foot planting area for every 5,000 feet of vehicular use area that includes three two-inch or two three-inch diameter trees per planting area. This vehicular interior area (47,301 square feet) requires 4,730 square feet of interior planting; 12,237 square feet were provided.

One half of a Type 3 bufferyard is required for 397 feet that borders Martins Crossing to the south; 20 trees are required, and 26 trees were provided.

Alterations cannot be made to the plans after final site plan approval. Any alteration may require an application to amend the affected approved plans. The applicant is cautioned to consider the placement of utilities and any underground or above ground site improvement that could cause a conflict with the landscaping and possibly cause a change or amendment. As-built landscape plans submitted prior to the release of a certificate of occupancy will be checked against the approved drawings. Inconsistencies may block the issuance of the certificate of occupancy and cause the applicant to begin the application process for a change or an amendment to the development order.

Landscape material must be bonded for 24 months prior to the certificate of occupancy. These forms may be found on the Martin County website by searching for Financial Assurance and selecting Landscaping Commitment. <https://www.martin.fl.us/martin-county-services/financial-assurance-documents>

<https://www.martin.fl.us/martin-county-services/financial-assurance-documents>

#### ***K. Determination of compliance with transportation requirements – Engineering Department***

##### **Findings of Compliance:**

The Traffic Division of the Public Works Department finds this application in compliance.

##### **Compliance with Adequate Public Facilities Ordinance:**

Staff has reviewed the Traffic Statement prepared by O'Rourke Engineering & Planning, dated November 2022. O'Rourke Engineering & Planning stated that the site's maximum impact was assumed to be 10 directional trips during the PM peak hour. Staff finds that SW Kanner Highway is the recipient of a majority of the generated trips. The generalized service capacity of SW Kanner Highway is 3020. The project impact is 0.33% of the maximum volume of that roadway. SW Kanner Highway is currently operating at a level of service C; it is anticipated to operate at level of service C at buildout (year 2023).

This application satisfies the Adequate Public Facilities Standard; it has a De Minimis impact (an impact that would not affect more than one percent of the maximum volume at the adopted level of service of the affected road facility) (Article 5, Division 1, Section 5.3).

#### ***L. Determination of compliance with county surveyor – Engineering Department***

N/A - Staff review for compliance requirements associated with this area of regulations is not applicable to this project as currently proposed.

#### ***M. Determination of compliance with engineering, storm water and flood management requirements – Engineering Services Division***

##### **Compliance with Adequate Public Facilities Ordinance:**

This project will provide the proposed development sufficient services based upon the adopted LOS for stormwater management facilities.

### **Findings of Compliance:**

The application was reviewed for compliance with the following Divisions of the Land Development Regulations. Staff's finding is summarized after each:

Division 8- Excavation, Fill, and Mining: The applicant demonstrated in the Engineer's Opinion of Probable Excavation, Fill, and Hauling that no excavation is proposed and only fill will be brought onto the site; therefore, hauling material from the site is not approved with this Development Order. The applicant demonstrated compliance with Division 8.

Division 9- Stormwater Management: The applicant has demonstrated the proposed development will retain the 25- year, 3-day storm event prior to discharging into the adjacent wetlands and finally into the South Fork River. The applicant proposed a stormwater system consisting of a stormwater treatment area. The applicant demonstrated the water quality volume is being met in the proposed prior to discharging; thereby, the required attenuation and water quality treatment is in compliance with Division 9.

Division 10- Flood Protection: A portion of the parcel falls within a Special Flood Hazard Area A without a determined Base Flood Elevation. The proposed improvements fall outside of the Special Flood Hazard Area and propose a finished floor elevation of 15.50-feet NAVD, which is higher than the 100 year, 3 day zero discharge storm stage of 15.23-feet NAVD; therefore, the applicant demonstrated compliance with Division 10.

Division 14- Parking and Loading: The applicant demonstrated compliance with the parking and loading requirements set forth in Division 14 with the design and layout of the proposed on-site parking facilities.

Division 19- Roadway Design: The applicant has demonstrated compliance with Division 19 with the design of the proposed connection to SE Parrot Circle.

#### **DEVELOPMENT ORDER CONDITIONS:**

The Owner is not authorized to haul fill off the site and must coordinate with the County Engineer regarding the routes and timing of any fill to be hauled to the site. The Owner must comply withal County excavation and fill regulations.

### ***N. Determination of compliance with addressing and electronic file submittal requirements – Growth Management and Information Technology Departments***

#### **Addressing**

#### **Findings of Compliance**

The application has been reviewed for compliance with Division 17, Addressing, of the Martin County Land Development Regulations. Staff finds that the proposed site plan / plat complies with applicable addressing regulations. All street names are in compliance. They meet all street naming regulations in Article 4, Division 17, Land Development Regulations. Martin County, Fla. (2023).

#### **Electronic File Submittal**

### **Findings of Compliance**

The AutoCAD dwg file of the final site plan was received and found to be in compliance with Section 10.2.B.2., Land Development Regulations, Martin County, Fla. (2023)

#### ***O. Determination of compliance with utilities requirements – Utilities Department***

##### **Water and Wastewater Service**

#### **Findings of Compliance:**

This development application has been reviewed for compliance with applicable statutes and ordinances and the reviewer finds it in compliance with Martin County's requirements for water and wastewater level of service. [Martin County, Fla., LDR, Article 4, Division 6 and 7, (2016)]

##### **Wellfield and Groundwater Protection**

#### **Findings of Compliance:**

The application has been reviewed for compliance under the Wellfield Protection Program. The reviewer finds the application in compliance with the Wellfield Protection and Groundwater Protection Ordinances. [Martin County, Fla., LDR, Article 4, Division 5] (2016)

#### ***P. Determination of compliance with fire prevention and emergency management requirements – Fire Rescue Department***

##### **Fire Prevention**

#### **Finding of Compliance**

The Fire Prevention Division finds this submittal to be in compliance with the applicable provisions governing construction and life safety standards of the Florida Fire Prevention Code. This occupancy shall comply with all applicable provisions of governing codes whether implied or not in this review, in addition to all previous requirements of prior reviews.

#### **INFORMATIONAL:**

##### **NEEDED FIRE FLOW REQUIREMENT FOR WATER SUPPLY BUILDINGS**

#### ***U. Post-approval requirements***

After approval of the development order, the applicant will receive a letter and a Post Approval Requirements List that identifies the documents and fees required. Approval of the development order is conditioned upon the applicant's submittal of all required documents, executed where appropriate, to the Growth Management Department (GMD), including unpaid fees, within sixty (60) days of the final action granting approval.

Please submit all of the following items in a single hard copy packet and in electronic pdf format (on disk or flash drive) with the documents arranged in the order shown in the list below. The 24" x 36" plans should be submitted rolled and in separate sets as itemized below.

| Item | Description                                 | Requirement                                                                                                                                                                                                                                                                          |
|------|---------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.   | Response to Post Approval Requirements List | The applicant will submit a response memo addressing the items on the Post Approval Requirements List.                                                                                                                                                                               |
| 2.   | Post Approval Fees                          | The applicant is required to pay all remaining fees when submitting the post approval packet.
