Variance (Non-Administrative) Checklist

Please include the following items in the order shown below. **If any item is not included, please identify the item and the reason for its exclusion.** Links to specific forms are included with some items, noted in blue font.

REQUIRED FORMAT

All documents and plans shall be submitted digitally, on one disc or flash drive (flash drive preferred). The digital version of plans shall be a .pdf at a minimum of 24x36 inches and 300 dpi (not a scanned copy). **Bookmark all the documents and plans in the order they appear in the Checklist.** Do not provide electronic signatures on any documents as they create errors in the bookmarked PDFs.

One paper packet (8 1/2x11-inch) of documents must also be submitted. Include **one** (1) full-size folded (not rolled) hard copies of the survey and **one** (1) set of minimum 11"x17" hard copies of all other plans. Certain documents require raised seal and wet signatures as described in the specific checklist item.

FEE: The Full application fee as established by BOCC resolution shall be submitted with the application. Checks are made payable to the Martin County Board of County Commissioners.

Development Review Fee Schedule - \$690.00 Included with Application

REQUIRED DOCUMENTS

1. **APPLICATION:** Application signed by the owner or the entity having power of attorney from the owner to act on his/her behalf, pursuant to section 10.5.B. In addition to identifying the entities that comprise the development team, the names of each individual who is authorized to submit documents during the development review process must be listed on the application and power of attorney forms.
[Development Review Application](#)
2. **DIGITAL SUBMITTAL AFFIDAVIT:** Affidavit, signed by the applicant or agent, certifying the digital application is an exact duplicate of the hard copy.
[Digital Submittal Affidavit](#)

3. **COPYRIGHT PERMISSION TO DUPLICATE MATERIALS FORM:** Individual permission to duplicate copyright materials form as required to comply with public record requests for such items as site plans and surveys. Each consultant that has a copyright on any documents/plans needs to fill out an individual form.

Permission to Duplicate Copyright Materials

4. **NARRATIVE:** Project summary including the history of the property/project, the type of development being proposed, the location and size of the subject property, the variance being requested and any associated information relating to the proposal.

5. **POWER OF ATTORNEY:** A notarized power of attorney authorizing an agent to act on the owners' behalf.

6. **RECORDED DEED:** A copy of the recorded deed(s) for the subject property.

7. **PROPERTY TRANSFER:** A certification of any property transfer since the property was deeded to the current property owner. If there has not been a property title transfer since the recorded deed, provide a certified statement that no title transfer has occurred.

8. **LEGAL DESCRIPTION:** Full legal description including parcel control number(s) and total acreage.

9. **SITE LOCATION MAP:** Include all adjacent and internal roadways, surrounding properties and a clear site boundary.

10. **CERTIFICATION OF PROPERTY SEARCH (IF PUBLIC HEARINGS REQUIRED):** A certified property owners search, meeting distance requirements as designated by Article 10 Land Development Regulations, Martin County Code must be obtained by an attorney at law or title company. Only the letter from the title company should be submitted with the formal development review submittals. To meet public records requirements, submit the addresses as a separate document prior to scheduling any public hearings.

REQUIRED PLANS

** Property owner radius *
Search Submitted
w/ Digital upload.*

11. **BOUNDARY SURVEY:** Boundary survey of the entire site including the legal description, parcel control number(s) and acreage, certified within 180 days of the date of the application, signed and sealed by a licensed Florida Professional Surveyor and Mapper.

12. **SITE PLAN:** A site plan illustrating what is being requested.

D. Completeness Sufficiency Review

Applications submitted for completeness/sufficiency review meetings held on Mondays, must be received by the Growth Management Department no later than 4 p.m. the previous Thursday or in the event of a holiday, 4 p.m. Wednesday. Applications received on Fridays will be scheduled for the following week.

E. Certification by Professionals

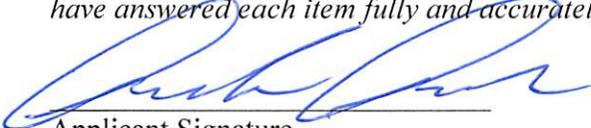

Section 10.5.F.6.h., Article 10, Development Review Procedures, Land Development Regulations (LDR), Martin County Code (MCC) provides the following:

When reviewing a development application that has been certified by a professional listed in F.S. § 403.0877, F.S., the County shall not request additional information from the applicant more than three times, unless the applicant waives the limitation in writing. If the applicant states in writing that the request for additional information is not authorized by ordinance, rule, statute, or other legal authority, the County, at the applicant's request, shall proceed to process the application for approval or denial. (125.022(1), Fla. Stat.)

This box must be checked if the applicant waives the limitations.

F. APPLICANT or AGENT CERTIFICATION

I have read this application, and to the extent that I participated in the application, I have answered each item fully and accurately.

NARRATIVE FOR NON-ADMINISTRATIVE VARIANCE

RE: Project Name: Corbett Non-Administrative Variance Application (the “Application”)
Project Number: TBD
Parcel Address: 3236 SE St. Lucie Boulevard, Stuart, Florida (the “Property” or the “Subject Property”)
Parcel ID Number: 37-38-41-007-252-00070-1

I. History, Location, Size, Land Use and Zoning of Subject Property

Our Firm has the privilege of representing the Applicants, Don and Cynthia Corbett (the “Applicants”) and owners of the Subject Property, in the application for Non-Administrative Variance for relief from setbacks as discussed in more detail herein. The Applicants, who are originally from this area, acquired ownership of the Subject Property by way of the enclosed August 28, 2006, Deed from Ms. Patricia M. Larson and intended this Lot to be their final home.

The Subject Property (or “Property”) located at 3236 SE St. Lucie Boulevard, Stuart, Florida is also known as Lot 7 of Block 252 of the Golden Gate Plat originally of Palm Beach County (now Martin County) dated March 11, 1925. The land use designation of the Subject Property is “Low Density Residential” and the zoning designation on the Subject Property is the class B zoning of “R1-C” also known as the “Single-Family Residential District”. The Applicants wish to build a single-family residential dwelling which is a permitted use in the applicable land use and zoning designations of the Subject Property.

Pursuant to the above-referenced 1925 plat, the Subject Property does not meet the current Martin County Land Development Regulations lot size requirement, as the Subject Property is only 14,525.5 sqft, or .334 acres, instead of the currently required 15,000 sqft. However, pursuant to Martin County Land Development Regulations, as well as in- writing confirmation by Deputy Director of Growth Management, Peter Walden, this lot is a buildable lot as a grandfathered lot pre-platted prior to the lot size requirement of 15,000 sqft being imposed. Therefore, relief from the lot size requirement under article 3 of the Martin County LDRs is not required, but relief from certain setbacks is required to allow the Applicants to have reasonable use of the Subject Property.

Page 2

II. Subject Request of Non-Administrative Variance

Applicants' plan to build a two-story single-family structure totaling 2,200 sqft, with a footprint of 1,100 sqft. As a part of that process, Applicants intend to place the entrance driveway to the Subject Property across the north boundary of the Subject Property to adjacent road S.E. Myrtle Street, instead of putting the driveway to adjacent St. Lucie Blvd across the Subject Property's east boundary.

The challenge with that otherwise logical strategy, is that pursuant to Growth Management's interpretation of the Martin County Land Development Regulations, as stated in enclosed email correspondence with Deputy Growth Management Director, Peter Walden, the "Front Setback" of 30 feet is interpreted to apply to the side on which the driveway is situated, regardless of the configuration of the front door or front of the structure.

Therefore, Applicants' request relief from the 30-foot front setback and ask that the 30-foot setback be applied to the east boundary, facing St. Lucie Boulevard, instead of applying the 30-foot setback to the north side of the Subject Property, even if the driveway runs to the north. Please see the diagrammatic difference between a variance granted (Version 1), and a variance not granted (Version 2) with the driveway to S.E. Myrtle.

The Applicants planned single family home is typical of the area's structures. The Subject Property, from its original platting, has had not only a slanted boundary along St. Lucie Boulevard, since its inception, but is also one of the smaller lots compared to its immediate counterparts to the south, Lot 6 and 5 of Block 525 of the Golden Gate Plat.

Additionally, the literal interpretation of how Martin County Growth Management is applying the front setback creates a situation where if the Applicants wish to IMPROVE the traffic flow along St. Lucie Boulevard, they will be reduced to a 33.15 foot wide structure because of the literal interpretation of Article 3 and the non-based code determination that the driveway creates the "front" instead of the direction of the structure. This interpretation by Growth Management is peculiar given the examples within the same plat where that interpretation seems to have not been applied (see final images included at the end of this narrative).

February 23, 2026

Page 5

III. Required Information to be Demonstrated

Pursuant to Martin County Land Development regulations, an application for Non-Administrative Variance shall include information which demonstrates that:

- a. Special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district.
- b. Literal interpretation of the provisions of [article 3](#) or [article 4](#) would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district.
- c. The special conditions and circumstances do not result from the actions or inactions of the applicant.
- d. Granting the variance requested will not confer on the applicant any special privilege that is denied to owners of other lands, structures, or buildings in the same district.

IV. Information Demonstrated

A. Special Conditions & Circumstances

The Applicants must demonstrate how the Property at issue here has:

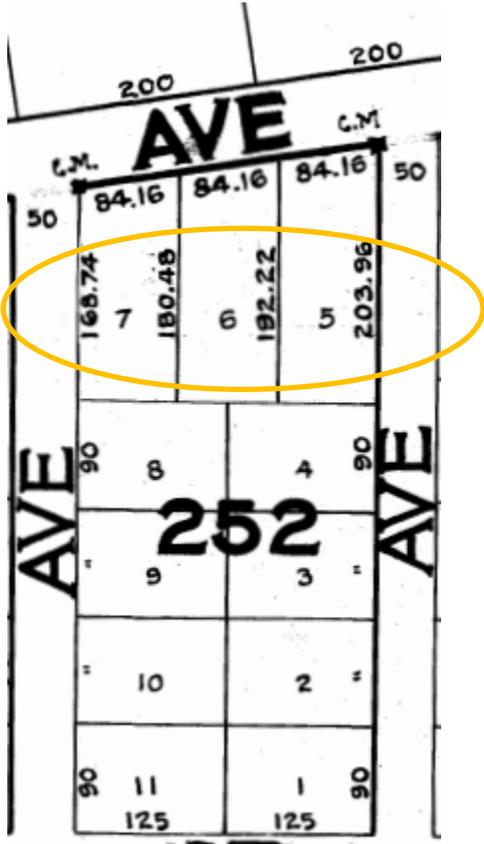

special conditions and circumstances that exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district.

The Subject Property (or "Property") located at 3236 SE St. Lucie Boulevard, Stuart, Florida is also known as Lot 7 of Block 252 of the Golden Gate Plat originally of Palm Beach County (now Martin County) dated March 11, 1925. Pursuant to the above-referenced 1925 plat, the Subject Property does not meet the current Martin County Land Development Regulation lot size requirement, as the Subject Property is only 14,525.5 sqft, or .334 acres, instead of the currently required 15,000 sqft, and while relief from the lot size requirement under article 3 of the Martin County LDRs is not required, but relief from certain setbacks is required to allow the Applicants to have reasonable use of the Subject Property.

The Applicants' planned single family home is typical of the area's structures. However, the Subject Property, from its original platting, has had not only a slanted boundary along St. Lucie Boulevard, since its inception, but is also one of the smaller lots compared to its immediate counterparts to the south, Lot 6 and 5 of Block 525 of the Golden Gate Plat.

McCARTHY SUMMERS WOOD
NORMAN MELBY SCHULTZ
WOOD & VanVALKENBURGH P.A.

February 23, 2026
Page 6

Upon review of the platted lots immediately adjacent to the south side of St Lucie Blvd, Lot 7 of Block 252, the Property, is one of the two smallest in western side length.

Therefore, the Applicants have demonstrated that the Property has special conditions and circumstances that exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district. Given the peculiar

McCARTHY SUMMERS WOOD
NORMAN MELBY SCHULTZ
WOOD & VanVALKENBURGH P.A.

February 23, 2026
 Page 7

size, placement, and constraints of the Property from its inception, the Applicants would request this Variance application be granted to allow the Applicants' to build their planned single-family home in the configuration reflected in Version I included above.

B. Deprivation of Rights Commonly Enjoyed

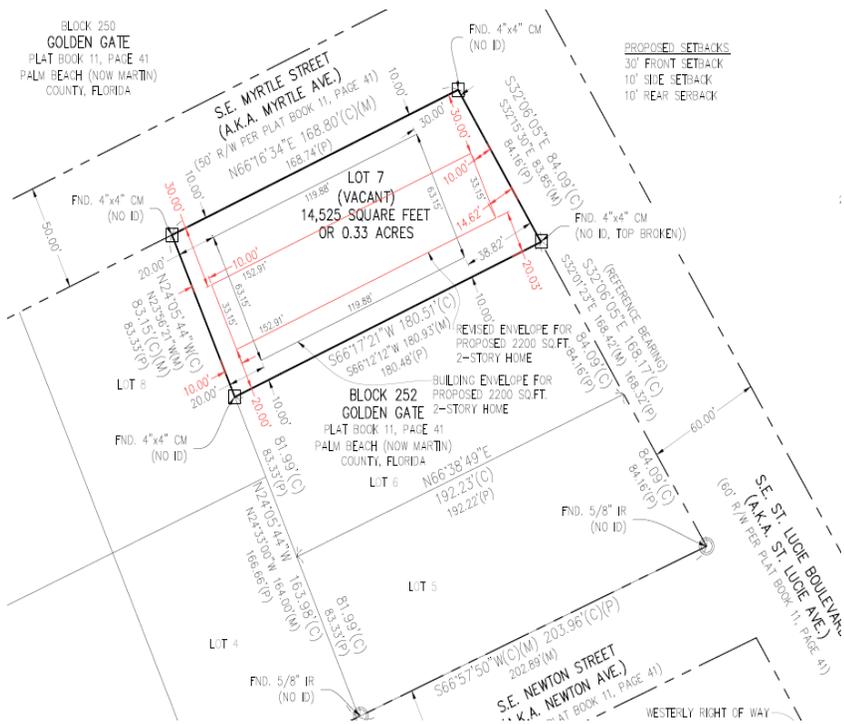

The Applicants must demonstrate how:

Literal interpretation of the provisions of article 3 or article 4 would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district

Pursuant to the literal interpretation of the provision of Articles 3 and 4 indicated by the attached emails of the Growth Management Department of Martin County, wherever the driveway is placed on a property is where the "Front" of that property is for Setback purposes.

This literal interpretation, without a variance, would be either:

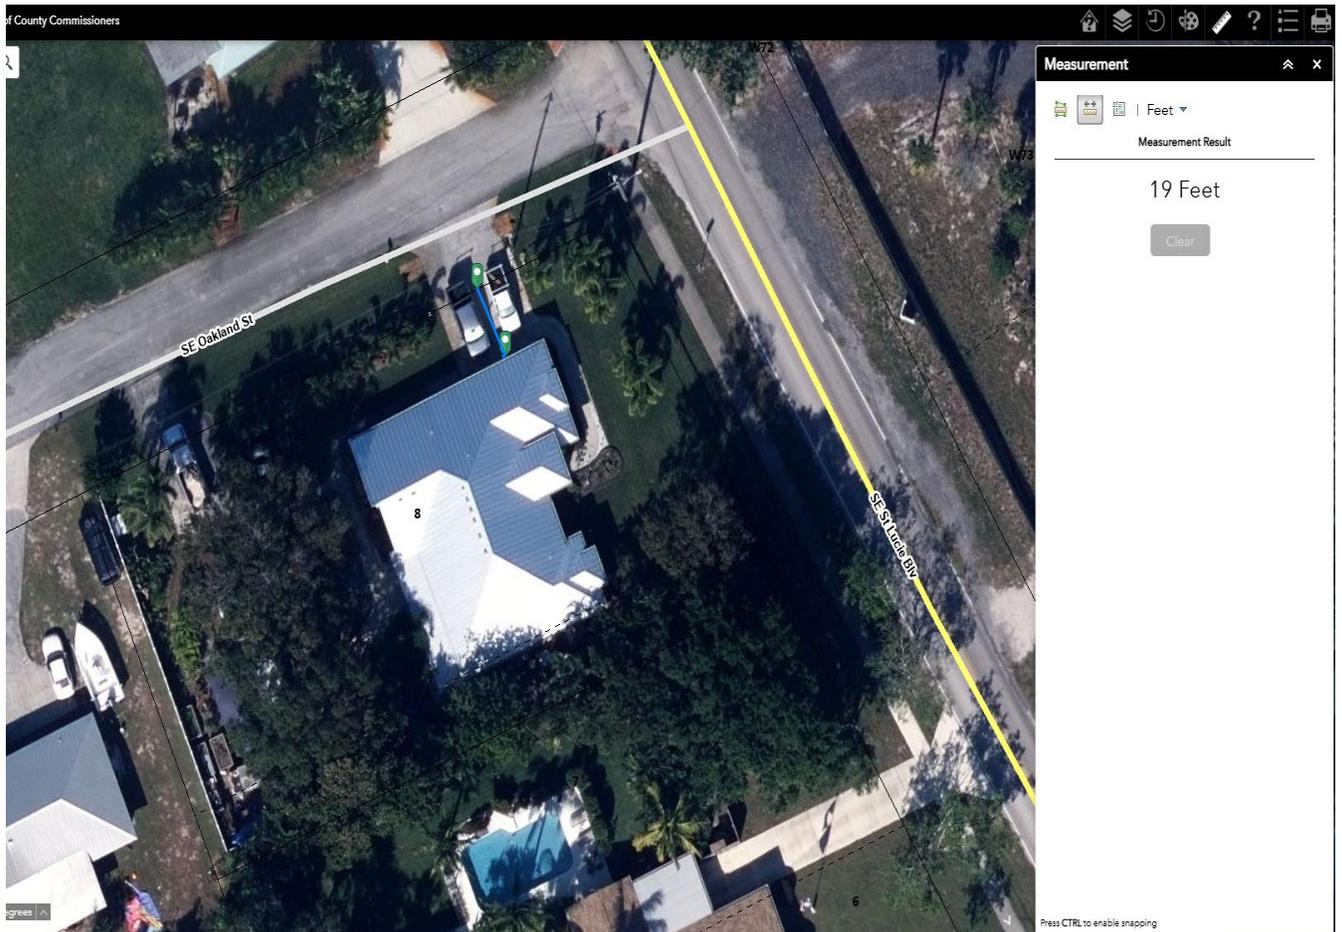

- 1) force the Applicants to put their driveway off St. Lucie Blvd, which would decrease the quality of traffic flow, or
- 2) force the Applicants to have the absurd result of a 30-foot-wide structure along the entire length of the Property as reflected in Version 2 identified above and excerpted again below:

McCARTHY SUMMERS WOOD
NORMAN MELBY SCHULTZ
WOOD & VanVALKENBURGH P.A.

February 23, 2026
Page 8

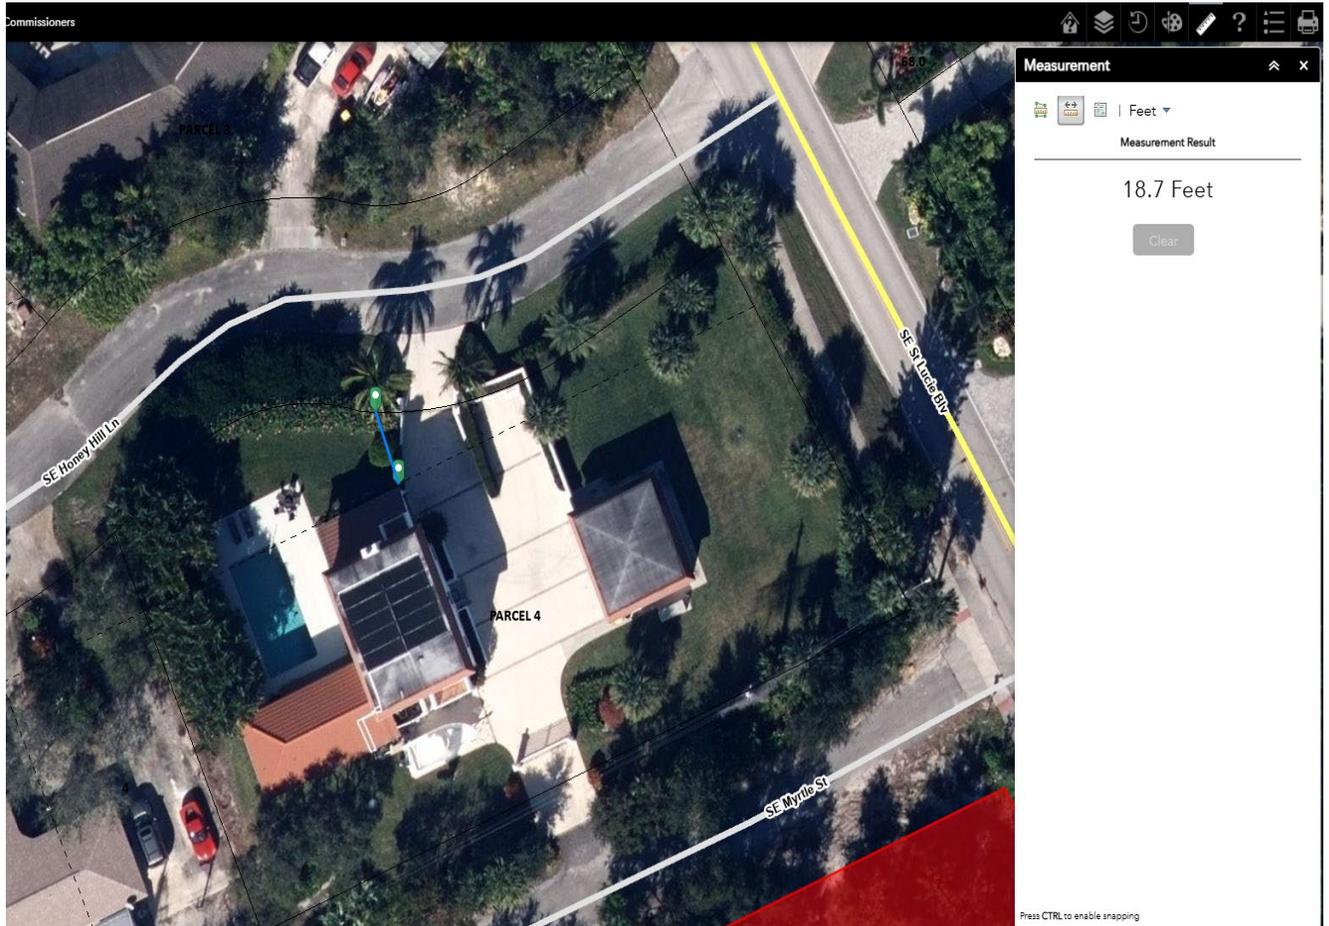

Meanwhile, please find below various obvious, existing and typical examples of a side driveway used by existing residences within the same plat, within the same neighborhood and within the same land use and zoning designation that upon cursory inspection have side driveways not off St. Lucie Blvd but have less than 30 feet setbacks on the side where that driveway falls (Please see the referred to examples immediately below):

[THE REST OF THIS PAGE IS INTENTIONALLY LEFT BLANK]

McCARTHY SUMMERS WOOD
NORMAN MELBY SCHULTZ
WOOD & VanVALKENBURGH P.A.

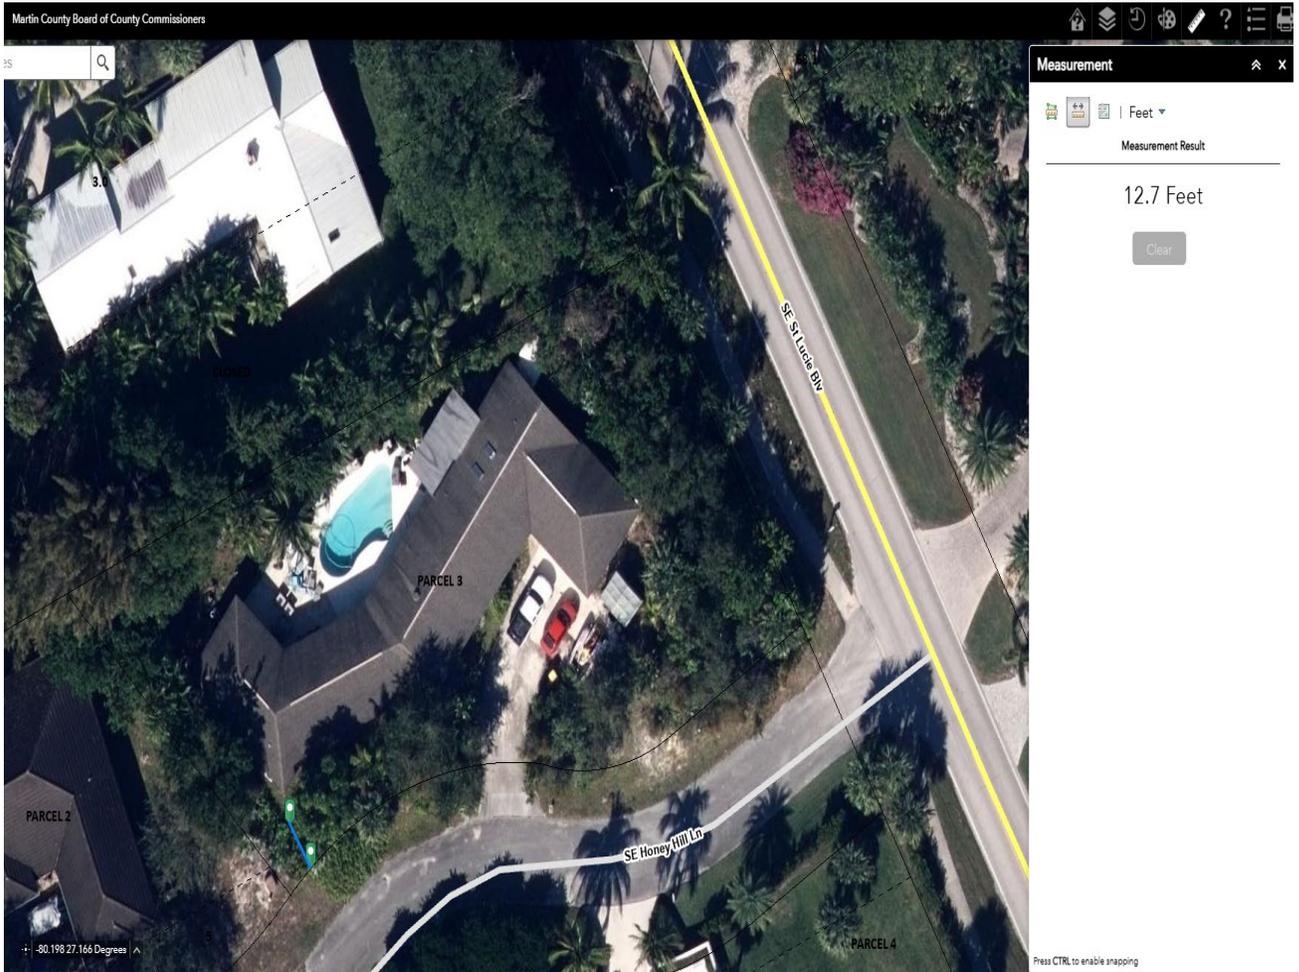

February 23, 2026
Page 9

[THE REST OF THIS PAGE IS INTENTIONALLY LEFT BLANK]

[THE REST OF THIS PAGE IS INTENTIONALLY LEFT BLANK]

McCARTHY SUMMERS WOOD
NORMAN MELBY SCHULTZ
WOOD & VanVALKENBURGH P.A.

February 23, 2026
Page 12

Therefore, the Applicants, through the provision of the included and excerpted survey and site plan, as well as the result of Version I versus Version II of same included herein, that the Literal interpretation of the provisions of article 3 or article 4 would deprive the Applicants of rights commonly enjoyed by other properties in the same zoning district.

Additionally, those same rights commonly enjoyed by other properties in the same zoning district, namely:

- 1) to have a single-family home that is not required to be 30 feet wide or less, and
- 2) to be allowed a driveway that connects to a road other than St. Lucie Blvd where the setback on the driveway side is less than the otherwise required 30 feet

has also been demonstrated, by way of the aerials included above, to be existing conditions and rights enjoyed by properties within the same land use and zoning district.

C. Special Conditions Not Result of Applicants

The Applicants must demonstrate how:

“The special conditions and circumstances do not result from the actions or inactions of the applicant.”

As previously indicated in subsection A above, the Property located at 3236 SE St. Lucie Boulevard, Stuart, Florida is also known as Lot 7 of Block 252 of the Golden Gate Plat originally of Palm Beach County (now Martin County) dated March 11, 1925, and from its original platting, the Property has had not only a slanted boundary along St. Lucie Boulevard but is also one of the smaller lots compared to its immediate counterparts to the south, Lot 6 and 5 of Block 525 of the Golden Gate Plat. Additionally, upon review of the platted lots immediately adjacent to the south side of St Lucie Blvd, the Property, is one of the two smallest in western side length.

February 23, 2026

Page 13

Therefore, the Applicants have demonstrated that the Property has special conditions and circumstances that exist which are peculiar to the land, structure, or building involved and do not result from the actions or inactions of the Applicants.

D. Granting Variance will not Confer a Special Privilege

The Applicants must demonstrate how:

“Granting the variance requested will not confer on the applicant any special privilege that is denied to owners of other lands, structures, or buildings in the same district.”

As previously indicated in subsection B above, as well as the various aerial examples included within and at the end of this Narrative, obvious, existing and typical examples of a side driveway used by existing residences within the same plat, within the same neighborhood and within the same land use and zoning designation that have side driveways not off St. Lucie Blvd with less than 30 feet setbacks on the side where that driveway falls indicates that granting the Applicants’ their requested variance, pursuant to this Application, will not confer on the Applicants any special privilege that is denied to owners of other lands, structures, or buildings in the same district.

V. Variance Procedures and Standard

Pursuant to Martin County land Development Regulations, The Board of Zoning Adjustment (the “BOZA”) shall consider the request for a variance at a public hearing advertised pursuant to the requirements of Section 10.6.D. and E., Development Review Procedures, except that the distance requirement for notification by the applicant shall be to all owners of real property located within a distance of 300 feet of the boundaries of the affected property within the urban service boundary. After the conclusion of the public hearing, the BOZA 1) shall approve, 2) shall approve with modifications or 3) shall deny the request for a variance.

A variance shall not be granted unless the BOZA determines that:

- a. The requirements of subsection 9.5.K.4 (Variance Procedures) have been met by the applicant for the variance.
- b. The variance is the minimum variance that will make possible the reasonable use of land, building, or structure.
- c. The granting of the variance will be in harmony with the general purpose and intent of the LDR and will not be injurious to the neighborhood, or otherwise detrimental to the public welfare.

In granting any variance, the BOZA may prescribe appropriate conditions.

VI. Initial Discussion of Required Proof

February 23, 2026

Page 14

While significant more facts shall be offered at a future Public Meeting of the BOZA, the Applicants assert here the following:

A. Requirements of Subsection 9.5.K.4

All requirements of Subsection 9.5.K.4 of the Variance Procedures shall be met leading up to and including the Public Hearing on this matter, including the necessary notices required for the Public Hearing to decide the Variance.

B. Minimum Variance for Reasonable Use

The Applicants' request that the front 30-foot Setback be applied to the east Boundary Line of the Subject Property (the side adjacent to St. Lucie Boulevard), and the normal 10' foot side setback be applied to the north Boundary (the side adjacent to S.E. Myrtle), based on the Version 1 and Version 2 diagrams included herein. No other application of setbacks will allow the 1,100 sqft footprint on this undersized lot without deviating even further from the Martin County LDR's and therefore, Applicants assert that the minimum variance required here for reasonable use of the land, without impeding traffic further on St. Lucie Boulevard, is the granting of the Applicants' requested variance of 30-foot setback at St. Lucie Boulevard, 10-foot setback at the north and south Boundary lines, and 20 foot setback at the west boundary line of the Subject property.

C. Granting a Variance will be in Harmony and not Injurious

The Applicants assert that the Variance is in harmony with the general purpose and intent of the LDRs as the LDRS allow single family dwellings in this area within undersized pre-platted lots with driveways directly off the two-lane residential road of St. Lucie Boulevard without any variance at all.

There are also multiple examples on the same stretch of St. Lucie Boulevard, within the same plat and within the same zoning that have driveways off St. Lucie Boulevard and off adjacent side driveways with no 30-foot setback (Please see images included throughout this narrative).

The setbacks required by the LDRs are 10 feet along sides, 20 feet along the back and 30 feet along the front, respectively. These Setbacks are still being honored, even if this Variance is granted, the only difference is granting of this Variance will allow one less single-family driveway directly off St. Lucie Blvd by allonging the "front" setback to face St. Lucie Boulevard despite a driveway coming off S.E. Myrtle.

The Applicants assert that such a result is harmonious with the LDRs, the neighborhood and not injurious to any other users of St. Lucie Boulevard or S.E. Myrtle.

February 23, 2026
Page 15

VII. History of Property and Surrounding Variances Granted

Finally, it is relevant to note that variances for setbacks have been granted at adjacent Lots 5 and 6 as to Setbacks in the recent past. Enclosed in the Applicants' application for non-administrative Variance is Resolution No. 88.6.2 recorded in the Public Records of Martin County at OR Book 776, Page 1557, and dated June 6, 1988, and a second Resolution recorded at OR Book and Page 1433, and dated April 26, 2012, both approved by the BOZA.

Resolution No. 88.6.2 granted a variance to Lot 5 allowing:

Construction of a single-family residence 25 feet from the un-opened Newton Avenue instead of the required 30-foot setback, and a side setback of 9.16 feet instead of the required 10-foot setback.

The April 26, 2012, Resolution granted a variance to Lot 6 allowing:

G. A rear yard variance which will permit the addition of a non-enclosed pool and deck to an existing single-family dwelling with a rear yard setback of 6 ft. from the southerly property line in lieu of the 20 ft. required by the current zoning regulations as depicted on Exhibit A attached hereto as approved.

Given the historical actions of the BOZA within the immediate vicinity of the Property at issue here, the Applicants' assert that the variance is the minimum variance that will make possible the reasonable use of land, building or structure, and that the granting of the variance will be in harmony with the general purpose and intent of the LDR and will not be injurious to the neighborhood, or otherwise detrimental to the public welfare.

Please feel free to contact me if I can answer any questions or provide any further documentation regarding this Application.

Sincerely,

/s: Audra R. Creech, Esq.

Dear Mr. Schilling,

Please accept this letter to serve as authorization by Mrs. Cynthia Corbett, and Mr. Don Corbett, man and wife, and Owners of the above-mentioned Property, for Audra R. Creech, Esq., of McCarthy, Summers, Wood, Norman, Melby & Schultz, P.A., to act on the Owner's behalf as it relates to obtaining a non-administrative variance as to the property located at 3236 SE St. Lucie Blvd., Stuart, FL 34997.

Should you have any questions or comments regarding this matter, please do not hesitate to contact my office at 772-286-1700 or via email at arc@mccarthysummers.com.

Sincerely,

Audra R. Creech, Esq.

CERTIFICATE OF NON-TRANSFER

Based on my review of the Official Records of Martin County, Florida, on August 28, 2006, the property located at 3236 SE St. Lucie Blvd, Stuart, FL with Martin County Parcel ID # 37-38-41-007-252-00070-1 (the "Property"), was transferred to Cynthia Corbett, a married woman, from Ms. Patricia Larsen, an unremarried widow. The resulting deed created at the time of transfer is attached hereto and enclosed herein.

Based on my review of the Official Records of Martin County, Florida, the Property has not been transferred since the Property was deeded to the current property owner, Cynthia Corbett, a married woman, in 2006.

Market values shown on the website reflect market conditions as of January 1st, the statutory assessment date. We are prohibited by law from relying on sales that occur after the January 1 assessment date. Therefore, market values shown on the website do not reflect today's market conditions, but rather the market conditions last year. In addition, the statutes require the county Property Appraiser to deduct for typical costs of sale (which include expenses such as commissions, title insurance, appraisals, inspection fees, etc.) when arriving at market value for tax purposes. That is why the market value for tax purposes is different from what a property would sell for today.

WARNING: Significant tax increases often occur when sold. The Taxable Value and Taxes, noted above, may reflect exemptions, classifications and value limitations that will be removed at the time of sale. Homestead exemptions, agricultural classifications, and assessed value limitations are NOT transferable to the new owner. Following a sale, a property's assessed value is reset to the market value & the new owner must reapply for homestead exemption & agricultural classification.

Market values shown on the website reflect market conditions as of January 1st, the statutory assessment date. We are prohibited by law from relying on sales that occur after the January 1 assessment date. Therefore, market values shown on the website do not reflect today's market conditions, but rather the market conditions last year. In addition, the statutes require the county Property Appraiser to deduct for typical costs of sale (which include expenses such as commissions, title insurance, appraisals, inspection fees, etc.) when arriving at market value for tax purposes. That is why the market value for tax purposes is different from what a property would sell for today.

**BEFORE THE BOARD OF ZONING ADJUSTMENT
 MARTIN COUNTY, FLORIDA**

**[REGARDING THE APPLICATION OF
 WADE H. MALLARD
 FOR A ZONING SETBACK VARIANCE]**

WHEREAS, THIS BOARD HAS MADE THE FOLLOWING DETERMINATIONS OF FACTS:

1. Wade H. Mallard has submitted an application for a variance to reduce the zoning setback requirements of the Article 3, Zoning Districts, Land Development Regulations, Martin County Code for the R-1C, Single Family Residential District to permit the addition of a swimming pool and deck to an existing single family dwelling at 4142 SE Newton Street Stuart, Florida, the North 41.67 feet of the West 45 feet of Lot 6, the West 45 feet of Lot 7 and Lot 8, all in Block 290, Golden Gate, according to the Plat thereof, recorded in Plat Book 11, Page 41, Public Records of Palm Beach (now Martin) County, Florida.

2. This Board considered this application to reduce the setback requirements at a public hearing on April 26, 2012.

3. At the public hearing, all interested parties were given an opportunity to be heard.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF ZONING ADJUSTMENT OF MARTIN COUNTY, FLORIDA, THAT:

A. Special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district.

B. Literal interpretation of the provisions of Article 3, Land Development Regulations, Martin County Code would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district.

C. The special conditions and circumstances do not result from the actions or inactions of the applicant.

D. Granting the variance requested will not confer on the applicant any special privilege that is denied to owners of other lands, structures or buildings in the same district.

E. The variance is the minimum variance that will make possible the reasonable use of the land, building or structure.

F. The granting of the variance will be in harmony with the general purpose and intent of the Land Development Regulations and will not be injurious to the neighborhood, or otherwise detrimental to the public welfare.

G. A rear yard variance which will permit the addition of a non-enclosed pool and deck to

an existing single family dwelling with a rear yard setback of 6 ft. from the southerly property line in lieu of the 20 ft. required by the current zoning regulations as depicted on Exhibit A attached hereto is approved.

H. This resolution shall be recorded in the public records of Martin County. A copy of this resolution shall be forwarded to the applicant(s) by the Growth Management Department subsequent to recording.

DULY PASSED AND ADOPTED THIS 26TH DAY OF APRIL, 2012.

RECORD VERIFIED

725492

BEFORE THE BOARD OF ZONING ADJUSTMENT
MARTIN COUNTY, FLORIDARESOLUTION NO. 88.6.2

RE: GRANTING A VARIANCE pursuant to the Petition of

JOSEPH PICCIONE and JEAN PICCIONE

WHEREAS, pursuant to notice posted on the subject property, mailed to surrounding property owners as required by law and published on the 6th day of June, 1988, in the Stuart News, a newspaper published in Martin County, Florida, the affidavit of publication of such notice being attached hereto as Exhibit "A," a public hearing was held by the Board of Zoning Adjustment of Martin County, Florida, in the County Administrative Center, 2401 S.E. Monterey Road, Stuart, Florida, on the 23rd day of June, 1988, for the purpose of a Variance of Section 33-168(A)(C) and (4) of the Martin County Code of Laws and Ordinances based upon the Zoning Administrators decision that Section 33-168(A)(C) and (4) of the Martin County Code of Laws and Ordinances to allow:

Construction of a single family residence 25 feet from the un-opened Newton Avenue instead of the required 30 foot setback, and a side setback of 9.16 feet instead of the required 10 foot setback.

on the property located in Martin County, Florida, and which is described as:

Lot 5, Block 252, GOLDEN GATE, according to the plat recorded in Plat Book 11, Page 41, of the Public Records of Palm Beach (now Martin) County, Florida.

WHEREAS, at said public hearing all interested parties had an opportunity to be heard for or against such application, and;

WHEREAS, this Board does hereby make the following findings of fact: Said applicant has met all requirements for the granting of said variance in that owing to special conditions a literal enforcement of the zoning ordinance would result in an unnecessary hardship; that the reasons set forth in the application justify the granting thereof; that the variance is the minimum variance that will make possible the reasonable use of the land, building or structure; that the granting of the variance will be in harmony with the general purpose and intent

OF 776 PAGE 1557
BOOK

of the aforesaid Section 33-168 (A) (C) and will not be injurious to the neighborhood or otherwise detrimental to the public welfare or contrary to the public intent; and that the Applicant is entitled to a variance as aforesaid; and that this Board is empowered to grant same;

WHEREAS, this Board further finds that the following additional conditions and safeguards must be complied with in order to be in conformity with the intent of the zoning regulations and the public interest:

None

WHEREAS, this Board additionally finds that this written application and the presentation made before this Board at said public hearing demonstrates:

1. That special conditions and circumstances exist which are peculiar to the land, structure or building involved and which are not applicable to other lands, structures or buildings in the same district.

2. That literal interpretations of the provisions of the zoning regulations, zoning resolution or zoning ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of the zoning regulations, zoning resolution or zoning ordinance and would therefore result in an unnecessary hardship.

3. That the special conditions and circumstances do not result from the actions of the applicant.

4. That granting the variance requested will not confer on the applicant any special privilege that is denied by the zoning regulations, zoning resolution or zoning ordinance to owners of other lands, structures or buildings in the same district.

No nonconforming use of the neighboring lands, structures or buildings in the same district and no permitted use of lands, structures or buildings in other districts shall be considered grounds for the issuance of a variance.

NOW, THEREFORE, BE IT RESOLVED BY THAT BOARD OF ZONING

O. R. BOOK 776 PAGE 1558

ADJUSTMENT OF MARTIN COUNTY, FLORIDA, that:

1. Applicant, JOSEPH PICCIONE and JEAN PICCIONE, is granted a variance to Section 33-168(A) (C) of the Martin County Code of Laws and Ordinances as it applies to the property described herein to allow:

Construction of a single family residence 25 feet from the un-opened Newton Avenue instead of the required 30 foot setback, and a side setback of 9.16 feet instead of the required 10 foot setback.

Provided, all other zoning regulations, including setbacks, shall be complied with.

2. The Secretary of this Board is hereby authorized and directed to record this resolution in the Official Records of Martin County, Florida.

DULY PASSED AND ADOPTED THIS 23 DAY OF June, 1988.
