Good morning - I am writing as your constituent to appeal to you to represent US not developers. Elected officials should stay in touch with the needs of their constituents. Please stop approving projects and changing the comp plan for more money in your pockets. It is heartbreaking to watch you four and Gov Desantis selling our state. It is so blatant. Please take the time to analyze these requests. We will be living in flooded, overcrowded areas and endless traffic and loss of critical habitat.

Tomorrow's agenda would require several hours of discussion if staff and Commissioners were serious about giving the proposals thorough and balanced consideration. Instead – like the failed effort to rush through outrageous plans to add inappropriate facilities to Jonathan Dickinson and other state parks – Tuesday's BOCC meeting has been planned to severely limit public participation and speed questionable proposals through a truncated process.

STOP DEVELOPEMENT IN AN IRRESPONSIBLE WAY AND START DOING YOUR JOBS - REPRESENT THE PEOPLE!!

“The Local Planning Agency will consider five proposed Comprehensive Plan Amendments at Thursday’s meeting, including a text amendment that will further expand development in Rural Lifestyle communities.”????!!

The LPA needs to be “at ease” until new commissioners take office. The voters have spoken and they want a new direction that respects our Comp plan!

Commissioner Hetherington:

I urge you to protect what remains of the Comprehensive Plan at your meeting on Sept 10. You have already approved too many modifications to the Plan which have inevitably resulted in over-development in our county.

Please do not approve any further modifications which would further weaken the protections the Comp Plan was intended to provide. At the very least, delay any changes until they can be properly presented to the public and carefully considered.

Good morning,

I understand that you are currently reviewing amendments to the Comp Plan that would include changes to Indiantown's treatment when it comes to the residential capacity analysis and USD changes. May I ask, what is the rationale for these changes that reflect a benefit to residents of Martin County?

Did an independent traffic expert review and add comment on the proposed changes to the Transportation Chapter? We all are aware of the significant increase in population and traffic flow in Martin County and should definitely be cautious in any changes made related to same. If an expert did review, are those comments available?

ANY amendments related to our Comp Plan, which have been critical to preserving our wonderful way of life should, in my opinion, ONLY be approved if significant benefits are derived from them.

The Sept 24 and Oct. 22 Public Hearings for comprehensive plan amendments, zoning changes, and a variance should be delayed until the new commission is seated.

In the public workshops hosted by the Treasure Coast Regional Planning Council, citizens repeatedly stated that they do not want changes to our Comp Plan. This was the most commonly expressed item on the wish list that staff asked citizens to compile.

Citizens said (1) no changes to the Comp Plan, (2) control growth and development, (3) protect and preserve wildlife, waterways, native vegetation and agricultural lands, (4) reduce traffic congestion, and (5) maintain the Martin County difference.

Those are guidelines the new commissioners have promised to follow. Those guidelines need to be carefully applied to each of the proposed comp plan amendments; instead some proposals encourage costly urban sprawl and the environment and waterway and others impact neighborhood zoning protections.

Pushing forward now is an improper attempt to stifle the voices of residents/voters who have spoken.

As Martin County residents for over two decades, we have valued the guidance that our county's well-thought-out Comprehensive Plan has placed on growth, and the protection that has meant for our environmental resources. It has truly resulted in the Martin County difference.

While some changes to the Comp Plan over time have been necessary, we are dismayed to see the extent to which its provisions have been eroded – or attempted to be eroded – in recent years. The latest proposed changes could greatly negatively impact our population density, environment, waterways, scarce resources and overall quality of life. There needs to be a more detailed examination of each change to ensure that it is both necessary and the optimal solution to the current situation.

We implore the sitting Martin County commissioners to do the right thing and delay the Sept 24 and Oct. 22 public hearings for comprehensive plan amendments, zoning changes, and a variance until the new commission is seated.

To be frank, the voters have already spoken in choosing to select new commissioners who have promised to be extremely judicious in making any revisions to our Comp Plan. To rush ahead with these changes prior to the new commissioners being seated is insulting to and dismissive of your voting public. It reeks of disingenuous, deceitful politics. You are better than that. At least, we hope you are.

Please delay the Sept 24 and Oct. 22 public hearings until the new commission is seated.

Dear Commissioners,

Please delay the September 24 and October 22 Public hearings for comprehensive plan amendments, zoning changes, and a variance should be delayed until the new commission is seated.

Citizens have repeatedly stated, in the public workshops hosted by the Treasure Coast Regional Planning Council, that they do NOT want changes to our Comp Plan. This was the most frequently expressed item on the "wish list" that staff asked citizens to compile.

The citizens say: 1) No to changes in the Comp Plan, 2) Control growth and development, 3) Protect and preserve wildlife, waterways, native vegetation and agricultural lands, 4) Reduce traffic congestion 5) Maintain the Martin County difference.

The above are the guidelines the new commissioners have promised to follow. These guidelines must be meticulously applied to each and all of the proposed comp plan amendments. Some of the upcoming proposals encourage costly urban sprawl with its consummate environment, water, and neighborhood zoning area destruction.

Please do NOT push forward with these Martin-busting votes. It would be an improper attempt to silence the voices of residents who have clearly spoken.

Respectfully,
Drs. Mary Starzinski and Kathy Petteruti

We are opposed to all the Amendments and Zoning Protections, that Change the Current Comprehensive Plan:

At the Public workshops hosted by the T.C. Regional Planning Council. the majority of attendees said they wanted
no changes that govern growth and development in the County
we want the established protection of preserves, wildlife, open spaces and agricultural land.
we need reduction in traffic congestion

The Regional Planning Council at the costly of \$100,000 recommended to the Sept. 24th meeting just the Opposite!!

It is obvious that these changes at the Sept. 24th meeting are being "railroaded" through before the 2 New Commissioners have a chance to Vote. Mr. Ciampi actually lost his election if you compare the votes for his opponents.

One of the most outrageous amendments concerns the addition of 12 "Cottages" to the new Golf Course plan that originally in their application, said there would be no housing. Now from 6 to 12; when does it stop

It is imperative that this Public Hearing be postponed until November or December when there is appropriate time for Resident's to speak at the meeting.

Respectfully,

The only reason I am able to think of for packing the Commission's agendas prior to the new commissioners taking their place on the dais is an effort to hurry through unwanted amendments.

We, the voters, have made our wishes very clear both through public meetings and at the ballot box. I strongly urge the commissioners to table all votes on Comp plan amendments, zoning changes and a variance until the new commissioners are seated. Re: Sept. 24, 2024 Public Hearings -- Request for rescheduling

Please reschedule the Public Hearings on the Comp Plan Protection changes, Zoning changes, and the variance to after the new Commissioners take office. Take the interim time to educate the new Commissioners on these important issues.

Martin County residents/voters have repeatedly stated that they do not want changes that weaken our Comp Plan protections and our Martin County difference. This was the most commonly expressed item on the wish list that staff asked citizens to compile.

Citizens have said (1) no changes to the Comp Plan, (2) control growth and development, (3) protect and preserve wildlife, waterways, native vegetation and agricultural lands, (4) reduce traffic congestion, and (5) maintain the Martin County difference.

Those are guidelines the new commissioners have promised to follow. Those guidelines need to be carefully applied to each of the proposed comp plan amendments; instead some proposals encourage costly urban sprawl, and add negative impacts to our environment, our natural habitat and species, our waters including waterways, aquifers, and potable water, The zoning changes have similar issues including neighborhood zoning protections.

Pushing forward now is an improper attempt to stifle the voices of residents/voters who have spoken.

For the record, I oppose the approval at this time of the Comp Plan Amendments proposed in PH-1 Ch. 2, PH-2, Ch8, PH-3 Ch 9, PH-4 Ch 10, PH-5 Ch11, PH-6 Ch 12, PH-7 Ch 13, PH-8 & PH-9 Martin Commons, PH-10 Three Lakes, and oppose PH-11 Zoning changes, PH on Variance. While some changes are ministerial, some have impacts not reviewed. For example, PH-8 and PH-9 have grave impacts on our urban boundary protections overall that are not disclosed, considered or discussed. Not covered by the Staff Report or the Application is that a "free standing urban boundary" creates a new boundary for Rural Lifestyle eligibility for thousands more acres of urban sprawl "600' adjacent" to this new urban service district, both to the east and west.. The "need" claimed for more industrial is contradicted by vacant AgTEC and unbuilt Newfield non-residential acreage. Past issues of interchange industrial at the SR76 exit brought up issues of truck stops and crime issues.

Residents want to strengthen, not weaken, protections and have voted accordingly. The new Commission should consider these proposals line by line with the public and that takes time. Sept. 24 and Oct. 22 scheduled public

hearings on the Comp Plan, zoning, and variance should be rescheduled so you can fully "hear" the Public, not just tune us out..

Science is advancing and more thorough evaluation needs to be made regarding issues of water supply and our aquifer and costs moving forward, flooding issues, wetlands protections and aquifer recharge especially when the Florida wetlands issue is in the Courts, climate change and resiliency, truth in budgeting and who pays for all of the growth is lacking. Clearly with all of the approvals granted over the last years including big projects like Newfield and Harmony and Discovery, and... no rush is needed. While applicants have rights, so do residents.

These Public Hearings should be delayed. The time allotted both on Sept. 24 and Oct. 22 are not adequate. Additionally, the residents/voters have spoken and these important issues should be voted on by the New Commission.

Sincerely,

Donna Melzer, Martin County resident

Understanding that those who are leaving office may not care or be affected directly by their vote on this issue, why the need to rush! The people have spoken loudly on this issue many times over the years and spoke again in this last election. As more out of state residents come to Martin County, you should be supporting what has made is so great to begin with... the local long, time residents and their voice. Do not ruin what makes Martin County different in an effort to compete for growth and sprawl... keep our comp plan the way it is and prove we are different and this is why people want to come and live here, not to change what it is!!

I recommend we print these emails and put them on the dais for next Tuesday. That way we can scan and file instead of struggling with PDF.

The Sept 24 and Oct. 22 Public Hearings for comprehensive plan amendments, zoning changes, and a variance should be delayed until the new commission is seated.

In the public workshops hosted by the Treasure Coast Regional Planning Council, citizens repeatedly stated that they do not want changes to our Comp Plan. This was the most commonly expressed item on the wish list that staff asked citizens to compile.

Citizens said (1) no changes to the Comp Plan, (2) control growth and development, (3) protect and preserve wildlife, waterways, native vegetation and agricultural lands, (4) reduce traffic congestion, and (5) maintain the Martin County difference.

Those are guidelines the new commissioners have promised to follow. Those guidelines need to be carefully applied to each of the proposed comp plan amendments; instead some proposals encourage costly urban sprawl and the environment and waterway and others impact neighborhood zoning protections.

Pushing forward now is an improper attempt to stifle the voices of residents/voters who have spoken.

Yes this is a formatted email, but I do believe you need to wait on the vote until the new elected group is able to vote.

Thank you for your consideration

Sincerely,

Chris and Anne Wiedenmayer

Subject: Fwd: More Comp Plan Amendments headed to LPA

Subject: More Comp Plan Amendments headed to LPA
To: Virginia Sherlock <vsherlock@lshlaw.net>

Still more massive changes to the Martin County Comprehensive Growth Management Plan will be presented to the Local Planning Agency on Thursday, with staff proposing revisions on virtually every page of the 34-page Coastal Management Element (Chapter 8) and on many pages of the Overall Goals and Definitions (Chapter 2) and Conservation and Open Space Element (Chapter 9).

Amendments to the Comp Plan are offered as part of the Evaluation and Appraisal Report process, with staff recommending changes to the Plan with assistance from the Treasure Coast Regional Planning Council as a paid consultant.

Although TCRPC conducted interviews with residents and held public meetings to find out what changes citizens felt were necessary, the EAR amendments proposed thus far do not reflect citizen comments. Instead, the proposed revisions are mostly technical and virtually unintelligible with a number of legally superfluous provisions.

The EAR amendments will be presented to the County Commission in November for transmittal to the state for review. Final adoption will be sought next year – after voters decide whether to re-elect development-friendly Commissioners Doug Smith and Ed Ciampi and elect Susan Gibbs Thomas – all of whom have received campaign contributions from Rural Lifestyle project property owners and developers, planners, and engineers who benefit from overdevelopment – or to replace them with more citizen-friendly commissioners – Blake Capps, Eileen Vargas and Michael Syrkus.

In addition to the three Comp Plan Amendments, LPA members will vote Thursday on a PUD Zoning Agreement Master and Final Site Plan for a 43-lot residential development on 29.23 acres between SE Cove Road and SE Salerno Road called Pepperwood Assemblage.

The disclosure of interests affidavit identifies the realtor for the project as Reed Hartman, son and business partner of LPA member Rick Hartman.

The property owner is JAMSZ Properties, Inc., owner of a 6-acre parcel in Palm City that Ed Ciampi convinced his colleagues to purchase for more than \$4 million in County funds last year to avoid a proposed apartment project that, while in compliance with County development regulations approved by Ciampi, neighboring property owners opposed.

The LPA meeting begins at 7:00 p.m. on Thursday in Martin County Commission Chambers. You can download the agenda at

<https://martin.legistar.com/DepartmentDetail.aspx?ID=39443&GUID=52FD16B4-3EEC-4E39-8581-A16495CBE3E1&Search=>

The County does not provide e-mail addresses for LPA members. If you wish to make comments regarding the agenda, e-mail staff at pschilli@martin.fl.us and cdulin@martin.fl.us. Request that your comments be presented to the LPA and copy Commissioners at comish@martin.fl.us.
