PROJECT NARRATIVE South Florida Gateway PUD

3rd Amendment to the PUD Zoning Agreement January 30, 2025

South Florida Gateway PUD is comprised of multiple parcels of land totaling approximately 216 ac. and is located on the west side of SR 76 (SW Kanner Highway), south of SW 96th Street. Currently, four parcels within the PUD are developed, comprising five buildings, surface parking, and related supporting infrastructure. The initial PUD Zoning Agreement received approval in March of 2022.

The 1st Amendment to the PUD Zoning Agreement was approved in May of 2023 and provided for an expansion of the PUD boundary by approximately 8 ac. of industrial land. Subsequent to the 1st Amendment, the 2nd Amendment was approved in August of 2024 to expand the boundaries of the PUD to include an additional approximately 32 ac. of industrial land and to clarify the designated permitted uses within the PUD Agreement.

As proposed, the 3rd Amendment to the PUD Zoning Agreement seeks to include “Outdoor Storage” as an accessory use to the LI user. As more particularly described in the attached documents, the proposed Amendment would provide for siting and screening requirements of outdoor storage areas, provide limits as to what activities may be conducted and what materials cannot be stored in such areas, and place height limitations on items within the storage areas.

All proposed storage areas would be located in areas already planned to be, or are currently, impervious areas (loading areas). As such, the inclusion of outdoor storage as an accessory use will not impact on the existing stormwater management system; i.e., no new impervious area is proposed. Additionally, such areas will not be visible to the public and will be individually screened as provided for in the proposed Amendment language.

The inclusion of Outdoor Storage as an accessory to the LI user will not allow Outdoor Storage as a stand-alone, or principal, use within the PUD.
