**Subject:** Public Hearings on 9/24 and 10/22 must be delayed

**Caution: This email originated from an external source.  
Be Suspicious of Attachments, Links, and Requests for Login Information**

The Sept 24 and Oct. 22 Public Hearings for comprehensive plan amendments, zoning changes, and a variance should be delayed until the new commission is seated.

In the public workshops hosted by the Treasure Coast Regional Planning Council, citizens repeatedly stated that they do not want changes to our Comp Plan. This was the most commonly expressed item on the wish list that staff asked citizens to compile.

Citizens said (1) no changes to the Comp Plan, (2) control growth and development, (3) protect and preserve wildlife, waterways, native vegetation and agricultural lands, (4) reduce traffic congestion, and (5) maintain the Martin County difference.

Those are guidelines the new commissioners have promised to follow. Those guidelines need to be carefully applied to each of the proposed comp plan amendments; instead some proposals encourage costly urban sprawl and the environment and waterway and others impact neighborhood zoning protections.

Pushing forward now is an improper attempt to stifle the voices of residents/voters who have spoken.

Sincerely,

Carol Quackenbos

**Subject:** Delay Sept. 24 and October 22 Public Hearings for Comp Plan Changes

**Caution: This email originated from an external source.  
Be Suspicious of Attachments, Links, and Requests for Login Information**

As Martin County residents for over two decades, we have valued the guidance that our county's well-thought-out Comprehensive Plan has placed on growth, and the protection that has meant for our environmental resources. It has truly resulted in the Martin County difference.

While some changes to the Comp Plan over time have been necessary, we are dismayed to see the extent to which its provisions have been eroded – or attempted to be eroded – in recent years. The latest proposed changes could greatly negatively impact our population density, environment, waterways, scarce resources and overall quality of life. There needs to be a more detailed examination of each change to ensure that it is both necessary and the optimal solution to the current situation.

We implore the sitting Martin County commissioners to do the right thing and delay the Sept 24 and Oct. 22 public hearings for comprehensive plan amendments, zoning changes, and a variance until the new commission is seated.

To be frank, the voters have already spoken in choosing to select new commissioners who have promised to be extremely judicious in making any revisions to our Comp Plan. To rush ahead with these changes prior to the new commissioners being seated is insulting to and dismissive of your voting public. It reeks of disingenuous, deceitful politics. You are better than that. At least, we hope you are.

Please delay the Sept 24 and Oct. 22 public hearings until the new commission is seated.

Denise and Ed Belizar  
Jensen Beach residents

**Subject:** Sept 24 Public Hearing

**Caution: This email originated from an external source.  
Be Suspicious of Attachments, Links, and Requests for Login Information**

Dear Commissioners,

Please delay the September 24 and October 22 Public hearings for comprehensive plan amendments, zoning changes, and a variance should be delayed until the new commission is seated.

Citizens have repeatedly stated, in the public workshops hosted by the Treasure Coast Regional Planning Council, that they do NOT want changes to our Comp Plan. This was the most frequently expressed item on the "wish list" that staff asked citizens to compile.

The citizens say: 1) No to changes in the Comp Plan, 2) Control growth and development, 3) Protect and preserve wildlife, waterways, native vegetation and agricultural lands, 4) Reduce traffic congestion 5) Maintain the Martin County difference.

The above are the guidelines the new commissioners have promised to follow. These guidelines must be meticulously applied to each and all of the proposed comp plan amendments. Some of the upcoming proposals encourage costly urban sprawl with its consummate environment, water, and neighborhood zoning area destruction.

Please do NOT push forward with these Martin-busting votes. It would be an improper attempt to silence the voices of residents who have clearly spoken.

Respectfully,  
Drs. Mary Starzinski and Kathy Petteruti

We are opposed to all the Amendments and Zoning Protections,  
that Change the Current Comprehensive Plan:

At the Public workshops hosted by the T.C. Regional Planning Council.  
the majority of attendees said they wanted

no changes that govern growth and development in the County  
we want the established protection of preserves, wildlife, open  
spaces and agricultural land.

we need reduction in traffic congestion

The Regional Planning Council at the costly of \$100,000 recommended  
to the Sept. 24th meeting just the Opposite!!

It is obvious that these changes at the Sept. 24th meeting are being  
"railroaded" through before the 2 New Commissioners have a chance  
to Vote. Mr. Ciampi actually lost his election if you compare the votes  
for his opponents.

One of the most outrageous amendments concerns the addition of 12 "Cottages"  
to the new Golf Course plan that originally in their application, said there would  
be no housing. Now from 6 to 12; when does it stop

It is imperative that this Public Hearing be postponed until November or December  
when there is appropriate time for Resident's to speak at the meeting.

Respectfully,  
Barbara Gingras-Schmucker  
John McArdle  
3130 SE Indian Wells Place  
Stuart, Fl. 34997

The only reason I am able to think of for packing the Commission's agendas prior to the new commissioners taking their place on the dais is an effort to hurry through unwanted amendments.

We, the voters, have made our wishes very clear both through public meetings and at the ballot box. I strongly urge the commissioners to table all votes on Comp plan amendments, zoning changes and a variance until the new commissioners are seated. There is not an ethical reason for all of these votes to be taking place at warp speed.

Sincerely,

**Caution: This email originated from an external source.  
Be Suspicious of Attachments, Links, and Requests for Login Information**

To: Commissioners Heard, Ciampi, Herthington, Jenkins, Smith  
From: Donna Melzer, Martin County Resident  
Re: Sept. 24, 2024 Public Hearings -- Request for rescheduling

Please reschedule the Public Hearings on the Comp Plan Protection changes, Zoning changes, and the variance to after the new Commissioners take office. Take the interim time to educate the new Commissioners on these important issues.

Martin County residents/voters have repeatedly stated that they do not want changes that weaken our Comp Plan protections and our Martin County difference. This was the most commonly expressed item on the wish list that staff asked citizens to compile.

Citizens have said (1) no changes to the Comp Plan, (2) control growth and development, (3) protect and preserve wildlife, waterways, native vegetation and agricultural lands, (4) reduce traffic congestion, and (5) maintain the Martin County difference.

Those are guidelines the new commissioners have promised to follow. Those guidelines need to be carefully applied to each of the proposed comp plan amendments; instead some proposals encourage costly urban sprawl, and add negative impacts to our environment, our natural habitat and species, our waters including waterways, aquifers, and potable water. The zoning changes have similar issues including neighborhood zoning protections.

Pushing forward now is an improper attempt to stifle the voices of residents/voters who have spoken.

For the record, I oppose the approval at this time of the Comp Plan Amendments proposed in PH-1 Ch. 2, PH-2, Ch8, PH-3 Ch 9, PH-4 Ch 10, PH-5 Ch11, PH-6 Ch 12, PH-7 Ch 13, PH-8 & PH-9 Martin Commons, PH-10 Three Lakes, and oppose PH-11 Zoning changes, PH on Variance. While some changes are ministerial, some have impacts not reviewed. For example, PH-8 and PH-9 have grave impacts on our urban boundary protections overall that are not disclosed, considered or discussed. Not covered by the Staff Report or the Application is that a "free standing urban boundary" creates a new boundary for Rural Lifestyle eligibility for thousands more acres of urban sprawl "600' adjacent" to this new urban service district, both to the east and west.. The "need" claimed for more industrial is contradicted by vacant AgTEC and unbuilt Newfield non-residential acreage. Past issues of interchange industrial at the SR76 exit brought up issues of truck stops and crime issues.

Residents want to strengthen, not weaken, protections and have voted accordingly. The new Commission should consider these proposals line by line with the public and that takes time. Sept. 24 and Oct. 22 scheduled public

hearings on the Comp Plan, zoning, and variance should be rescheduled so you can fully "hear" the Public, not just tune us out..

Science is advancing and more thorough evaluation needs to be made regarding issues of water supply and our aquifer and costs moving forward, flooding issues, wetlands protections and aquifer recharge especially when the Florida wetlands issue is in the Courts, climate change and resiliency, truth in budgeting and who pays for all of the growth is lacking. Clearly with all of the approvals granted over the last years including big projects like Newfield and Harmony and Discovery, and... no rush is needed. While applicants have rights, so do residents.

These Public Hearings should be delayed. The time allotted both on Sept. 24 and Oct. 22 are not adequate. Additionally, the residents/voters have spoken and these important issues should be voted on by the New Commission.

Sincerely,

Donna Melzer, Martin County resident

**Subject:** Comp Plan Changes

Understanding that those who are leaving office may not care or be affected directly by their vote on this issue, why the need to rush! The people have spoken loudly on this issue many times over the years and spoke again in this last election. As more out of state residents come to Martin County, you should be supporting what has made is so great to begin with... the local long, time residents and their voice. Do not ruin what makes Martin County different in an effort to compete for growth and sprawl... keep our comp plan the way it is and prove we are different and this is why people want to come and live here, not to change what it is!!

Sept 24 and Oct. 22 Public Hearings for comprehensive plan amendments, zoning changes, and a variance should be delayed until the new commission is seated.

In the public workshops hosted by the Treasure Coast Regional Planning Council, citizens repeatedly stated that they do not want changes to our Comp Plan. This was the most commonly expressed item on the wish list that staff asked citizens to compile.

The Sept 24 and Oct. 22 Public Hearings for comprehensive plan amendments, zoning changes, and a variance should be delayed until the new commission is seated.

In the public workshops hosted by the Treasure Coast Regional Planning Council, citizens repeatedly stated that they do not want changes to our Comp Plan. This was the most commonly expressed item on the wish list that staff asked citizens to compile.

Citizens said (1) no changes to the Comp Plan, (2) control growth and development, (3) protect and preserve wildlife, waterways, native vegetation and agricultural lands, (4) reduce traffic congestion, and (5) maintain the Martin County difference.

Those are guidelines the new commissioners have promised to follow. Those guidelines need to be carefully applied to each of the proposed comp plan amendments; instead some proposals encourage costly urban sprawl and the environment and waterway and others impact neighborhood zoning protections.

Pushing forward now is an improper attempt to stifle the voices of residents/voters who have spoken.

Sincerely,

Candy Hile

**Subject:** Comments for 9/12/24 LPA Meeting

I request that my remarks below be included in the public comments at the aforementioned meeting. Thank you.

- Continuing amendments to our County's comprehensive plan to accommodate more "Rural Lifestyle" changes are uncalled for and are being rushed through without adequate time for public review and comment. There is no need to rush these changes through at this time. What is being hidden here, and why?
- Why are the "golf cottages" being proposed to double in occupancy? Wasn't the original plan for these cottages only recently submitted to begin with? What has changed to necessitate this request?
- What happened to the promise that the Rural Lifestyle change was a one-time-only thing?
- I strongly oppose the drive to ram these four amendments through so quickly, and request that they be tabled for now so that they can be explained in detail in a public forum. Martin County residents deserve to be informed about what these amendments mean, what they will cost, and how they will affect our county's lifestyle, economy and environment.

Good morning,

I understand that you are currently reviewing amendments to the Comp Plan that would include changes to Indiantown's treatment when it comes to the residential capacity analysis and USD changes. May I ask, what is the rationale for these changes that reflect a benefit to residents of Martin County?

Did an independent traffic expert review and add comment on the proposed changes to the Transportation Chapter? We all are aware of the significant increase in population and traffic flow in Martin County and should definitely be cautious in any changes made related to same. If an expert did review, are those comments available?

ANY amendments related to our Comp Plan, which have been critical to preserving our wonderful way of life should, in my opinion, ONLY be approved if significant benefits are derived from them.

Best regards,

Jane Logan  
Hobe Sound, FL

Clyde,

As you well know, the notice published in TCPalm does not provide copies of the staff report, agenda item summaries, or data and analysis. And few residents rely on the TCPalm notice, as you also know. The agenda is routinely e-mailed to those of us who have specifically requested inclusion on the e-mail sent by the County in advance of LPA meetings. We rely on that e-mail notice.

Your response confirms my fear that staff is trying to ram through these amendments without adequate time or information for the public to evaluate them.

**Subject:** Tonight's LPA meeting

[Redacted]

Jim,

Sorry for the late comments on tonight's LPA agenda, but the agenda wasn't sent out until yesterday and I haven't had adequate time to thoroughly review the three proposed amendments to the Comp Plan (Housing Chapter, Arts, Culture and Historic Preservation Chapter and Public Schools Facilities Chapter) which apparently are being submitted as part of the EAR process.

In addition to the late notice, the data and analysis supporting the amendments has not been provided. The staff report for each amendment says the data and analysis "will be submitted to State Land Planning Agency as part of the transittal packet. Copies are available in the Growth Management Department, upon request."

This is not how the process is supposed to work. The data and analysis should be provided for review by the LPA and the public at the time the amendments are presented.

Are members of the public going to be charged exorbitant fees for requesting copies from Growth Management?

Why is staff hiding the required data and analysis from both LPA members and the public?

Why was less than 48 hours notice given of intent to present these EAR amendments to the LPA?

The amendments are confusing and very technical; impossible to review and evaluate in time to make meaningful comments.

I request that the LPA postpone hearing these three agenda items -- NPH-2, NPH-3 and NPH-4 -- until members of the public can be properly noticed and provided with adequate time to review and evaluate the amendments.

Thank you.

**Subject:** Please insist on transparency in EAR process

**Caution: This email originated from an external source.**

**Be Suspicious of Attachments, Links, and Requests for Login Information**

Don,

At the Local Planning Agency meeting last night, staff concealed information and comments from the public and LPA members. The lack of transparency in the EAR process is concerning.

I signed up to receive e-mails from staff regarding upcoming LPA meetings, and staff usually sends an e-mail with the LPA agenda and staff reports a week or so before each meeting. But the e-mail for Thursday's meeting was not sent until Wednesday, providing agenda summaries for three Comprehensive Plan Amendments proposed by staff as part of the Evaluation and Appraisal Report process. The proposed amendments are very technical and difficult to understand. It was simply impossible to conduct meaningful review prior to the LPA meeting.

Additionally, the staff reports for the Comp Plan amendments acknowledged that data and analysis required for approval was not included in the agenda packet. Staff noted that the data and analysis would be provided to the state when the amendments are transmitted for agency review and would be available for review at the Growth Management Department upon request. I do not understand why the data and analysis was not included in the agenda packet to provide LPA members a basis for their decision to recommend adoption of the proposed amendments.

I have not been able to locate e-mail addresses on the County website for LPA members. I sent an e-mail to one member whose address I have and to staff, asking that the Comp Plan amendment agenda items be postponed to give citizens time to review and evaluate them and requesting that the data and analysis for the amendments be included in the agenda packet. I copied staff on my e-mail, assuming that the comments would be made part of the record.

But staff did not mention the concerns I raised and did not advise the LPA of my comments regarding the agenda items. I am requesting that my e-mail be included in the agenda packet when these items are presented to the BOCC.

The lack of transparency is extremely worrisome, raising genuine fears that staff is hiding data and analysis and blocking public input. This is not how the process is supposed to work.
