D. Completeness Sufficiency Review

Applications submitted for completeness/sufficiency review meetings held on Mondays, must be received by the Growth Management Department no later than 4 p.m. the previous Thursday or in the event of a holiday, 4 p.m. Wednesday. Applications received on Fridays will be scheduled for the following week.

E. Certification by Professionals

Section 10.5.F.6.h., Article 10, Development Review Procedures, Land Development Regulations (LDR), Martin County Code (MCC) provides the following:

When reviewing a development application that has been certified by a professional listed in F.S. § 403.0877, F.S., the County shall not request additional information from the applicant more than three times, unless the applicant waives the limitation in writing. If the applicant states in writing that the request for additional information is not authorized by ordinance, rule, statute, or other legal authority, the County, at the applicant's request, shall proceed to process the application for approval or denial. (125.022(1), Fla. Stat.)

This box must be checked if the applicant waives the limitations.

PROJECT NARRATIVE

April 7, 2025

Property Characteristics

The 167-acre subject property is owned by Martin Commerce Park, LLC and located along Interstate 95 at Exit 110 and State Road 714 (SW Martin Highway) in Palm City.

The property is situated along a one mile stretch of Interstate 95 frontage and designated for Industrial Future Land Use with a Limited Industrial (LI) zoning district. The future land use and zoning were adopted by the Board of County Commissioners along with a Comprehensive Plan Text Amendment on November 12, 2024 (refer to CPA 23-09 and CPA 23-10). The TEXT amendment includes a requirement to obtain approval by way of a PUD Zoning Agreement and limits the maximum allowable Industrial building area on the entire site to no more than 1,100,000 sf.

The previous property owner obtained final site plan and plat approval for a 21-lot agricultural subdivision that was fully constructed including paved roads, lakes, drainage and designated preserve areas. No lots were sold or developed, and the preserve areas were not maintained in accordance with the Preserve Area Management Plan (PAMP) for several years. The new owner has brought the preserve areas into compliance with the approved PAMP after acquiring the property in 2022.

Surrounding Property Characteristics

The subject property is located east and adjacent to one mile of frontage along Interstate 95 at Exit 110 in Palm City. At the entrance of the property on State Road 714 (SW Martin Highway) and SW Martingale Drive, at approximately 850 feet, sits a 5-acre designated perpetual easement in favor of State of Florida Department of Transportation recorded May 25, 2007 in Book 2251, Page 839.

The property directly to the north of the subject property consists of a commercial Planned Unit Development was approved on the northwestern 32-acre corner along Interstate 95 at Exit 110 and State Road 714 (SW Martin Highway). On September 30, 2008 the site received master site plan approval for a 10-lot commercial subdivision known as the Martingale Commons. The approved PUD permits the development of an Expressway Oriented Transient Commercial Service Center and provides for uses including gas stations, convenience stores, hotels, restaurants, and retail activities.

The property to the east of the subject site is comprised of approximately 1,000 acres of wetlands, cattle grazing and hunting operations. The majority of the properties along the State Road 714 (SW Martin Highway) corridor are predominately occupied by commercial and industrial uses including wholesale and retail sales, and light industrial, warehouse and targeted industry uses at both Sands Commerce Center.

Proposed Master Site Plan

The proposed master site plan is consistent with the existing Comprehensive Plan future land use designation and the text amendment that included the following restrictions:

- Residential uses shall be prohibited.
- The maximum non-residential building square footage on the entire project site shall be limited to cumulative total of 1,100,000 square feet.
- All future applications for development approval shall be processed as a Planned Unit Development (PUD).
- Prior to the issuance of the first Certificate of Occupancy, the owner/developer of Martin Commerce Park shall construct a traffic signal at the intersection of SW Martin Highway and SW Stuart West Boulevard.
- The owner/developer shall plan and appropriately fund public facilities consistent with Policy 14.1B.2 which requires that future development pay the full cost of capital facilities needed to address the impacts of such development. This shall include an amendment to the Capital Improvements Element, if needed, and a PUD Agreement that addresses public facilities, infrastructure, and the timing of development.

The intent is to replat the existing lots into larger parcels, extend water and sewer stub-outs to each lot and expand/reconfigure the existing lakes to support the project. Existing preserve areas will be maintained and expanded. All supporting infrastructure will be substantially completed in the first phase so final site plans on individual lots may be approved administratively pursuant to the Martin County expedited review process.

The Martin Commerce Park PUD Agreement and Master Site Plan will create a quality Class-A commerce park in Palm City in a strategic and desirable location for business retention and attraction along the Interstate 95 corridor. The project will fill a void in the community by providing industrial space for high value employment opportunities, and providing for an increase in sales tax, property tax and tangible personal property tax revenue to benefit the residents of Martin County.
