• Professional Work Experience

Martin County Growth Management Department • Stuart, FL

Senior Planner • August 2018 to Present

- Reviews proposed developments for conformance with plans and regulations. Consults with developers, individual land-owners, and departments of County government to attain conformance.
- Works in a team environment to improve work methods to accelerate formulation and completion of development reviews, and site compliance monitoring.
- Participates in public meetings and public hearings that can be televised to provide environmental review of development activities. These meetings can be argumentative and opinions/conclusions rendered can be challenged by the applicant or their attorney.

South Florida Water Management District (SFWMD) • West Palm Beach, FL

Water Use Compliance Supervisor • January 2017 to August 2018

- Responsible for supervising and conducting performance reviews for a team of 7 water use compliance analysts responsible for 16 counties within the SFWMD.
- Provide support for compliance staff located at the Ft. Myers and Orlando service centers.
- Perform quality assurance of all notices of non-compliance and enforcement referrals sent to permittees and consultants.
- Served as the team leader for the Indian Prairie Basin (Glades and Highlands Counties) during water shortage events communicating between the regulated community and the District's operations control room. Closely monitored resource concerns and conducted weekly coordination with Martin County Utilities and South Martin Regional Utilities for spring 2017 water shortage.

South Florida Water Management District • Okeechobee, FL and West Palm Beach, FL

Scientist 1,2,3-Water Use Compliance and Permitting • December 2008 to January 2017

- Analyze pumpage data, water level data, chloride data, and groundwater/surface water interactions to determine compliance with conditions of irrigation, dewatering, industrial, and other water use permits. (Martin, Okeechobee, Highlands counties)
- Perform inspections of permitted projects to insure compliance with district conditions of permit issuance.
- Utilize knowledge of the District's water use regulatory program and Florida Statutes to review water use applications. Apply analytical and numerical groundwater flow techniques to determine potential impacts on water resources prior to permit issuance.
- Routinely communicate via oral and written correspondence with other scientific professionals and general public on water use issues, and water use permit applications.
- Served as the team leader for the Indian Prairie Basin during water shortage events communicating between the regulated community and the District's operations control room.
- Provided compliance and enforcement training sessions and presentations to new hires, as well as current environmental resource and water use compliance staff.
