Man accused of threatening man with gun in Jensen Beach

Sara Marino
Treasure Coast Newspapers
USA TODAY NETWORK - FLORIDA

JENSEN BEACH—A Stuart man was accused of firing shots in the air and then pointing a firearm at someone nearby Tuesday evening.

Sean Claesgens, 44, of an unspecified part of Stuart, was arrested on charges of aggravated assault with a deadly weapon, discharge of a firearm in public and unlicensed carrying of a concealed firearm.

Martin County Sheriff's Office deputies said around 8 p.m. Tuesday they were called to an apartment building in Jensen Beach regarding gunfire. Law enforcement officials would not release the address of the apartment building.

A man in the building told deputies he was on his porch watching videos when he saw Claesgens fire two shots with a black handgun from a nearby building.

The man told deputies, Claesgens noticed him and pointed the handgun at

Claesgens

him. The man ran inside and called 911.

Deputies said they went to an apartment building and spoke with a man who matched the witness' description of Claesgens. The witness

identified Claesgens as the man who had fired the shots, deputies said. Claesgens told deputies he didn't shoot the gun, according to his arrest affidavit.

Two people who were inside the apartment with Claesgens said they were in another room when they heard two loud pops coming from the porch area, reports show.

Claesgens was arrested and taken to the Martin County Jail. He was released on a \$5,500 bond.

 "Frequently asked Questions"

Frequently Asked Questions

1. What is a CRA?

A Community Redevelopment Area (CRA) is a special geographic area where the community has determined that redevelopment of both public and private facilities should occur according to a redevelopment plan. Hobe Sound is one of six communities in Martin County that carry the special designation of CRA. As development occurs, a portion of the additional tax increment collected by the County, based on the increased property valuation, is reinvested in the Hobe Sound CRA to promote economic growth, sustainable development and improved quality of life.

2. What is the Future Land Use Map?

The Future Land Use Map depicts the generally desired type of development in different locations in the County. The “underlying” future land use designations present in the Hobe Sound CRA are Low Density Residential, Medium Density Residential, Residential Estate Density 2UPA, Commercial Office/Residential, Limited Commercial, General Commercial, General Institutional, and Mobile Home.

3. What are the Mixed-Use Future Land Use Overlays?

The Mixed-Use Future Land Use Overlays allow, but do not require, a mix of residential and commercial uses in the same project. The mixed-use development option is in addition to the development permitted by the future land use designation. There is one Mixed-Use Future Land Use Overlay in the Hobe Sound CRA.

4. What is the Zoning Atlas?

While the future land use designations establish the general type of development allowed, such as residential or commercial, the zoning districts provide more detailed standards regarding permitted uses, such as detached single family dwelling or multi-family, and development standards, such as setbacks and building height. The Zoning Atlas is the map of the County’s zoning districts.

5. What changes are proposed?

Future Land Use Map – The Hobe Sound Mixed-Use Future Land Use Overlay and most of the “underlying” future land use designations will be replaced by two new future land use designations called CRA Center and CRA Neighborhood. Some County owned land will be designated Public Conservation or General Institutional. The General Institutional and Recreation future land use designations will be retained.

Zoning Atlas - The twenty-five (25) “underlying” zoning districts, and the two (2) Hobe Sound Zoning Overlay Districts will be replaced with the Hobe Sound Redevelopment Zoning District, PS-1 Public Service 1, PS-2 Public Service 2, PR Public Recreation, PC Public Conservation or the most appropriate zoning districts.

6. What is the Process?

The Future Land Use Map is part of the County’s Comprehensive Growth Management Plan and is one of the primary tools for managing land development. The Future Land Use designation of a parcel of land determines the general type of use allowed and the maximum level of density or intensity allowed (such as the number of residential units per acre). A change to the Future Land Use Map requires three public hearings as detailed below.

1. Local Planning Agency (which makes a recommendation to the Board of County Commissioners).
2. Board of County Commissioners (to determine whether the proposed amendment should be transmitted to the Florida Department of Economic Opportunity, the state land planning agency that oversees and coordinates comprehensive planning).
3. Board of County Commissioners (to determine whether the proposed amendment should be adopted).

7. How will the proposed amendments affect me if I own property in the Hobe Sound CRA?

The County and the Community Redevelopment Agency believe the current regulatory structure impedes realization of the vision for the Hobe Sound CRA contained in the Hobe Sound Redevelopment Plan and the County Comprehensive Growth Management Plan. The intent of the proposed amendments is not to substantially change the permitted uses or development standards applicable within the Hobe Sound CRA, though there will be some adjustments. The intent is to eliminate the difficulties caused by too many layers of regulations.

The proposed changes will permit development of a residential project, a commercial project, or a mixed-use project subject to the proposed development standards within the Hobe Sound CRA.

8. Are there other plan amendments for the CRA?

Yes. In 2017, the Board of County Commissioners initiated text amendments to the Comprehensive Growth Management Plan (CGMP) that will “strengthen Goals, Policies and Objectives that encourage in-fill development and redevelopment in the Community Redevelopment Areas (CRAs).” This amendment creates a new Chapter of the CGMP for the CRA areas. In addition, it addresses five CGMP policies that impact redevelopment: Design of Mixed-use Future Land Use Overlays; Mixed-use project versus mixed-use neighborhood; Density Transition; Upland Preservation and Shoreline Protection. These amendments also followed a public hearing schedule, have been adopted by the Martin County Board of County Commissioners and are now in effect.

9. How can I learn more about the proposed changes?

- a) **WATCH**, on MCTV or **ATTEND**, the presentation of the proposed changes made at these public meetings:
 - a. The January 15, 2020 meeting of the Hobe Sound Neighborhood Advisory Committee;
 - b. The April 2, 2020 meeting of the Local Planning Agency;
