CAROLYN TIMMANN  
CLERK OF CIRCUIT COURT  
By [Signature] D.C.

**BACKGROUND/RELATED STRATEGIC GOAL:**

Comprehensive Growth Management Plan Policy 4.4A.1. provides that "Parcels being considered for amendment to the future land use designation shall be concurrently evaluated for rezoning to the most appropriate zoning district in the most recently adopted Land Development Regulations."

**ISSUES:**

A concurrent rezoning is required for each Future Land Use Map (FLUM) amendment where the amendment creates an inconsistency with the current zoning designation. Analysis of the proposed rezoning can be found in the staff report attached to this Board Item.

**LEGAL SUFFICIENCY REVIEW:**

Because this request involves the application of a policy to a specific application and site, it is a quasi-judicial decision. Quasi-judicial proceedings must be conducted with more formality than a legislative proceeding. In quasi-judicial proceedings, parties are entitled - as a matter of due process- to cross

examine witnesses, present evidence, demand that witnesses testify under oath, and demand a decision based on a correct application of the law and competent substantial evidence in the record.

**RECOMMENDED ACTION:**

**RECOMMENDATION**

1. Move that the Board receive and file the Agenda Item Summary and all its attachments including the staff report for the record as Exhibit 1.
2. Move that the Board amend the Martin County Zoning Atlas to change the zoning district on the subject 5 acres of land from RT to AR-5A Zoning District.

**ALTERNATIVE RECOMMENDATIONS**

Move that the Board continue the item to a future date certain.

## ***B. Project description and analysis***

This application is a request for a zoning district change on a parcel from RT (Mobile Home Subdivision District) to AR-5A, Agricultural Ranchette District, on a 5-acre parcel at 7715 S.W. 39<sup>th</sup> Street, located south of S.W. Martin Highway. The request was initiated by the Martin County Board of County Commissioners concurrently with a board-initiated Future Land Use Map (FLUM) change from Mobile Home to Agricultural Ranchette on the 5-acre subject site.

### **Staff recommendation:**

Staff recommends approval of the zoning district change from RT to AR-5A. The decision on the appropriate zoning depends on the final decision for the future land use designations on the property. The proposed zoning district, AR-5A, implements the Agricultural Ranchette future land use designation proposed for the subject site. There is another zoning district that can also implement Agricultural Ranchette future land use. However, the minimum lot size required is larger than the subject site. E.g., the minimum lot area required by AR-10A is 10 acres but the subject site is only 5 acres. Please see below:

Cat.	Zoning District	District Purpose
A	AR-5A (Agricultural Ranchette District)	The AR-5A district is intended to implement the policies of the CGMP for lands designated Agricultural Ranchette on the Future Land Use Map of the CGMP.

### **Permitted Uses:**

The existing zoning district, RT, is a Category B zoning district and the permitted uses are listed in Table 3.11.3 of the LDR. See Attachment 1, Permitted Uses - Category "B" Districts to view the permitted uses allowed by the current zoning, RT.

Below is an excerpt from Article 3 of the LDR, showing the permitted use schedule for the proposed zoning district, AR-5A. The "P" indicates that the uses permitted within that zoning district provided the uses can be developed in accordance with, the requirements set forth in Divisions 3 and 4 and all other applicable requirements of Article 3 and the Land Development Regulations.

**NOTES:**

- (a) Maximum residential density shall be one single-family residential dwelling unit per lawfully established lot.
- (b) In the RT district:
  - (1) Mobile home subdivisions shall be surrounded by a landscaped buffer strip at least 25 feet in depth on all sides. Buffers shall be unoccupied, except for underground utilities, canals, ditches, landscaping and entrance ornamentation.
  - (2) A minimum of five percent of the gross land area shall be required for recreation area.
  - (3) Fences and walls located on or within five feet of lot lines shall not exceed a height of six feet, except such fences or walls shall not exceed three feet six inches when located in a required front yard.
- (c) In the TP district:

- (1) A minimum of five percent of the gross land area shall be required for recreation area.
- (2) Fences and walls located on or within five feet of lot lines shall not exceed a height of six feet, except such fences or walls shall not exceed three feet six inches when located in a required front yard.
- (d) In the R-1A district, waterfront lots shall have a minimum of width of 60 feet along the street frontage and 100 feet in width along the waterway.
- (e) In the MH-P district, each mobile home shall have a site area of at least 5,500 square feet.
- (f) Each mobile home subdivision shall have a site area of at least ten acres.
- (g) The maximum density for the RM-10 district is 15 units per acre for sites meeting the affordable housing criteria set forth in Section 4.4.M.1.e.(5) of the Comprehensive Growth Management Plan.
- (h) The minimum lot area and minimum lot width requirements shall not apply to zero lot line, townhouse or multifamily developments on lots created after March 29, 2002.
- (i) In the RT and MH-S districts, single-family detached dwellings (site-built dwellings) shall also comply with the provisions of Section 3.98.
- (j) In the TP zoning district, mobile homes, modular homes and single-family detached dwellings (site-built dwellings) shall be limited to a foot print approved by the owner of the property (e.g., president of a condominium association or cooperative). Verification of the location and foot print by the property owner shall be provided with the building permit application. Primary structures and attached accessory structures, regardless of construction type, shall maintain a ten foot separation from other primary structures and attached accessory structures. Also, single-family detached dwellings (site-built dwellings) shall comply with the provisions of Section 3.98.
- (k) In the TP zoning district the maximum residential density shall not exceed that density established on the parcel on April 1, 1982. New mobile home park development, requiring final site plan approval, in the TP zoning district shall not exceed eight units per acre.

## Standards for Amendments to the Zoning Atlas

1. The Comprehensive Growth Management Plan (CGMP) requires that Martin County shall rezone individual parcels to the most appropriate zoning district consistent with the Land Development Regulations pursuant to Policy 4.4A.1., CGMP, Martin County, Fla. (2016).
2. The Martin County Land Development Regulations (LDR), Article 3, Section 3.2.E.1. provides the following “Standards for amendments to the Zoning Atlas.”

*The Future Land Use Map of the CGMP (Comprehensive Growth Management Plan) establishes the optimum overall distribution of land uses. The CGMP also establishes a series of land use categories, which provide, among other things, overall density and intensity limits. The Future Land Use Map shall not be construed to mean that every parcel is guaranteed the maximum density and intensity possible pursuant to the CGMP and these Land Development Regulations. All goals, objectives, and policies of the CGMP shall be considered when a proposed rezoning is considered. The County shall have the discretion to decide that the development allowed on any given parcel of land shall be more limited than the maximum allowable under the assigned Future Land Use Category; provided, however, that the County shall approve some development that is consistent with the CGMP, and the decision is fairly debatable or is supported by substantial, competent evidence depending on the fundamental nature of the proceeding. If upon reviewing a proposed rezoning request the County determines that the Future Land Use designation of the CGMP is inappropriate, the County may deny such rezoning request and initiate an appropriate amendment to the CGMP.*

3. The Martin County Land Development Regulations (LDR), in Section 3.2.E.2., provides the following “Standards for amendments to the Zoning Atlas.” In the review of a proposed amendment to the Zoning Atlas, the Board of County Commissioners shall consider the following:
  - a. *Whether the proposed amendment is consistent with all applicable provisions of the Comprehensive Plan; and,*

Please see the staff report for CPA 20-01, Hodapp Property FLUM Amendment. The report discusses compatibility with the Martin County CGMP and recommends Agricultural Ranchette future land use designation. AR-5A, which is the staff recommendation, implements the Low Agricultural Ranchette future land use.

- b. *Whether the proposed amendment is consistent with all applicable provisions of the LDR; and,*

The requested AR-5A zoning district implements the proposed Agricultural Ranchette future land use pursuant to the requirements and standards of the LDR. Any site plan proposed on the 5 acres must comply with all applicable land development regulations.

- c. *Whether the proposed district amendment is compatible with the character of the existing land uses in the adjacent and surrounding area and the peculiar suitability of the property for the proposed zoning use; and,*

The AR-5A zoning district has the similar minimum lot size as the surrounding lots. AR-5A allows permitted uses such as single-family detached dwellings and modular homes like those larger area. Unlike the current zoning district RT, the proposed AR-5A does not permit mobile homes. The subject site is surrounded by parcels that will be compatible to the proposed zoning district.

**d. Whether and to what extent there are documented changed conditions in the area; and,**

The growth in the area has remained rural/agricultural and so the proposed request is reasonable and consistent with area land use characteristics. There have been very few zoning changes in the area. See Figure 1, which shows the past zoning resolutions in the area nearby the subject parcel.

1. **Resolution 06-8.27:** Zoning amendment, where property was changed from A-2, Agricultural District, to AR-5A, Agricultural Ranchette.

The subject site has agricultural lands on the north and west sides is far removed from the urban service district. The proposed request will conserve the rural and agricultural nature of the area. The proposed amendment would result in only one residential unit..

Please refer to Figure 2 below, which shows the proposed zoning atlas.

Figure 2, Proposed Zoning District, RS-5, with the subject site marked in red.

**g. Consideration of the facts presented at the public hearings.**

CPA 20-01 and this concurrent rezoning have not been presented at a public hearing yet.

**C. Staff recommendation**

The specific findings and conclusion of each review agency related to this request are identified in Sections F through T of this report. The rezoning process does not include a site plan review; therefore departments related to site plan review were not included in this rezoning staff report. The current review status for each agency is as follows:

Section	Division or Department	Reviewer	Phone	Assessment
F	Comprehensive Plan	Maria Jose	288-5930	Pending

G	Development Review	Maria Jose	288-5930	Pending
S	County Attorney	Krista Storey	288-5443	Review Ongoing
T	Adequate Public Facilities	Maria Jose	288-5930	Exempt

The choice of the most appropriate district for the subject property is a policy decision the Local Planning Agency (LPA) and the Board of County Commissioners (BCC) is asked to consider based on the “standards for amendments to the zoning atlas” provided in Section 3.2.E.1., Land Development Regulations (LDR), Martin County Code (MCC).

#### ***D. Review Board action***

A review and recommendation is required on this application from the Local Planning Agency (LPA). Final action on this application is required by the Board of County Commissioners (BCC). Both the LPA and the BCC meetings must be advertised public hearings.

#### ***E. Location and site information***

Location: 5 acres, located at 7715 S.W. 39<sup>th</sup> Street, located south of S.W. Martin Highway

Existing zoning:	RT
Future land use:	Mobile Home
Commission district:	District 5
Community redevelopment area:	N/A
Municipal service taxing unit:	District 5 Municipal Service Taxing Unit
Planning area:	Mid County

#### ***F. Determination of compliance with Comprehensive Growth Management Plan requirements - Growth Management Department***

##### **Unresolved issues:**

##### **Item #1:**

Compatibility with the Future Land Use Map. The Growth Management Department staff has reviewed the Future Land Use Map Amendment in a separate report. Should the proposed change to the Future Land Use Map be adopted, the proposed AR-5A zoning district would correctly implement the respective Agricultural Ranchette Future Land Use designation.

#### ***G. Determination of compliance with land use, site design standards, zoning, and procedural requirements - Growth Management Department***

##### **Unresolved issues:**

No site plan has been proposed. See Section F. above.

##### **Additional Information:**

Changes to the zoning atlas do not authorize any development activity. Criteria associated with this area of review are applied in conjunction with site plan review processes. Any specific department issues will be addressed at such time as development of the subject site is proposed.

See above statement

***S. Determination of compliance with legal requirements - County Attorney's Office***

Review is ongoing.

***T. Determination of compliance with the adequate public facilities requirements - responsible departments***

The review for compliance with the standards for a Certificate of Adequate Public Facilities Exemption for development demonstrates that no additional impacts on public facilities were created in accordance with Section 5.32.B., LDR, Martin County, Fla. (2016). Exempted development will be treated as

committed development for which the County assures concurrency.

Examples of developments that do not create additional impact on public facilities include:

- A. Additions to nonresidential uses that do not create additional impact on public facilities;
- B. Changes in use of property when the new use does not increase the impact on public facilities over the pre-existing use, except that no change in use will be considered exempt when the preexisting use has been discontinued for two years or more;
- C. Zoning district changes to the district of lowest density or intensity necessary to achieve consistency with the Comprehensive Growth Management Plan;
- D. Boundary plats which permit no site development.

***U. Post-approval requirements***

Not applicable.

***V. Local, State, and Federal Permits***

No Local, State and Federal Permits are applicable to a rezoning action which does not permit any development activities.
