Office of Community Development

Introduction

The Office of Community Development works to advance many of the County's strategic goals at the federal, state, and community level, while building diverse partnerships.

Community Development coordinates the work of the Martin County Community Redevelopment Agency's six redevelopment areas in Jensen Beach, Rio, Old Palm City, Golden Gate, Port Salerno, and Hobe Sound. Staff works with six Neighborhood Advisory Committees who advise the Community Redevelopment Agency on projects in accordance with each area's adopted Community Redevelopment Plan and assists the residents and citizens in each of these neighborhoods realize this vision.

Staff continually seeks partnerships with various County departments and other agencies to advance Board of County Commissioners (BOCC) objectives and priorities and adopted Community Redevelopment Plans in the six CRAs. Our focus is centered on a pro-active mindset that is intent on getting the highest value available through leveraging, and multiplying resources and working collaboratively to achieve goals.

The Office of Community Development also manages the countywide Art in Public Places program which seeks to enhance the quality of the visual environment in the Martin County community through the aesthetic enrichment of public art, and the Historic Preservation Board, which works to advance the local designation of the County's historic structures and landmarks in order to raise awareness of the importance of our community identity and the preservation of Martin County's unique past.

Key Issues and Trends

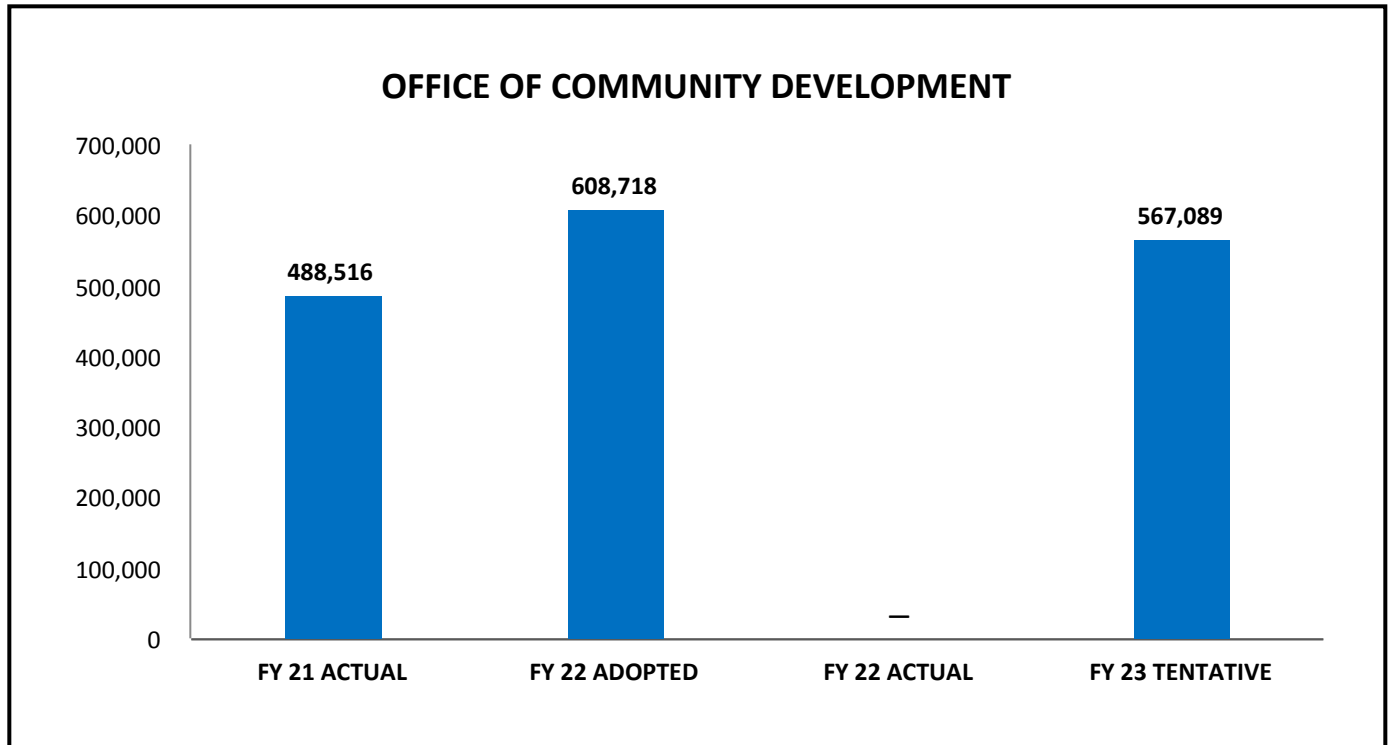

The Office of Community Development's efforts will continue to be directed towards projects and partnerships that will protect and improve our community through neighborhood redevelopment and advancement of the County's priorities.

The Community Redevelopment Agency continues to focus on the advancement of infrastructure related projects throughout all six CRA areas, as well as large roadway enhancements that set the stage for redevelopment. This will boost investment by the private sector, which increases economic development including job creation, new housing opportunities, small business growth and hence, the realization of the vision of each Community Redevelopment Plan.
