Mandee Johns

Martin County Board of County Commissioners

Dear Mandee,

I am writing to you to request an extension of 2 years to our option lease agreement. With the shutdown and restriction of the Pandemic over the last 2 years we have been unable to move forward with planning and fundraising as originally planned. We are in a much better place now with things slowly getting back to normal. We are in the re design phase and are working on site planning with the engineers.

Please consider this option for the Martin County Police Athletic League as we move ahead with our plans to build this amazing community center for the community of Golden Gate.

Yours in success,

Noel M. DeValle

Executive Director
