

In collaboration with the Martin County Public Utilities Department, we are installing water mains in the Port Salerno CRA.

This water installation project will finish construction of water mains throughout the Port Salerno CRA, making water connection available to everyone.

## Phase – 1

- Design estimated by February 2020
- Construction estimate by June 2020
- Consultant completing CADD
- Martin County Public utilities to be the Engineer of Record

## Phase – 2

- Same consultant as phase-1
- Scope, site design, etc. will begin in next fiscal year
