Policy Career Guide

Lisa Hazlett Roberts

Passionate Nonprofit Leader & Strategist

Stuart, Florida

Summary

Spanning a career of over twenty years, my experience includes corporate data analysis and strategic planning for a Fortune 500 company as well as founding and securing funding for two startup nonprofit organizations. I have served as executive staff, board member, and volunteer for nonprofit organizations and have extensive experience in annual campaign management and growth, capital campaigns, special events, private foundations, major gifts prospecting and cultivation, direct mail, organizational capacity assessments, long and short term strategic planning, and marketing and communications.

My corporate experience includes state and regional product analysis for Nabisco and inventory control for Haverty Furniture Company. Prior to founding Hazlett Consulting, I founded the Montana Policy Institute, served as Director of Development for the Tax Foundation in Washington, DC, Director of Foundation Strategy for the Institute for Humane Studies and the Mercatus Center at George Mason University, and Vice President for External Affairs for the Buckeye Institute in Columbus, Ohio.

I have worked with state and federal legislators to improve educational choice opportunities for youth with disabilities and developed two national program models. I have presented advocacy and career development programs at international and national conferences and served as a member of the Florida Chamber Alliance for World Class Education, The Literacy Partnership Council, the Florida Council for Exceptional Children Government Relations Committee, and the Duval County Public Schools Workforce Development Executive Committee. I am frequently called upon to educate the nonprofit community about strategic management and state and federal compliance requirements. My most recent presentation was at the request of Fourth Judicial Circuit of Florida State Attorney, Angela Corey, at the Embezzlement and Theft Prevention for Nonprofit Organizations seminar.
