WHEREAS, the Board of County Commissioners (the "Board") of Martin County, Florida (the "County") is contemplating the imposition of special assessments over a number of years to fund the cost of providing: (i) improvements to ancillary drainage facilities; (ii) road paving; (iii) dredging services; (iv) stormwater services and facilities improvements; and (v) water and/or wastewater services and facilities improvements, located in separate, to be established, municipal service benefit units within certain unincorporated areas of the County; and
