

**Before the Board of County Commissioners
Martin County, Florida**

A Proclamation

Declaring Surveyors and Mappers Week in Martin County, Florida

- Whereas,** surveyors and mappers are counted among the founding leaders of our country and were instrumental in the formation of the layout of property boundaries in the United States, which have provided our citizens the enjoyment of property ownership; and
- Whereas,** the citizens of Florida recognize the valuable contributions of the surveying and mapping profession to history, development and quality of life in Florida and the United States of America, and make important decisions based on the knowledge and expertise of licensed surveyors and mappers; and
- Whereas,** the surveying and mapping profession requires special education, training, the knowledge of mathematics, the related physical and applied sciences, and requirements of law for evidence; and
- Whereas,** surveyors and mappers are uniquely qualified and licensed to determine and describe land and water boundaries for the management of natural resources and protection of private and public property rights; and
- Whereas,** the continual advancements in instrumentation have required the surveyor and mapper to not only be able to understand and implement the methods of the past, but also to learn and employ modern technology in finding solutions to meet the challenges of the future.

Now, therefore, be it proclaimed by the Martin County Board of County Commissioners that March 15-21, 2020 is Surveyors and Mappers Week in Martin County, Florida. Further the Board acknowledges the men and women of this profession for their diligence in meeting the continuing needs of our communities.

Presented this Third Day of March 2020
