Why do you wish to serve on the Library Board of Trustees? As our children were growing up, we used our public library frequently and I have seen what a positive impact that has had on their intellectual growth and potential. Their grandparents have been visiting us in Florida and they have thoroughly enjoyed the lectures and events the library here provides. It keeps them socially and mentally active which is so important now that they are retired. I would like to serve to help continue these priceless benefits and work to get more involvement from my peers.

What, in your opinion, is the real purpose for having a public library system in the community? A public library is here to serve the community by providing activities and materials that enrich, educate, and engage us. The value found in a public library transcends all ages and socioeconomic statuses. I love how the library can expand your world without having to leave your home town!
