

# MARTIN COUNTY, FLORIDA DEVELOPMENT REVIEW

## STAFF REPORT

### ***A. Application Information***

## **LOTS 4, 5 AND TRACT 7 SECTION THREE, TCCC TWO AND THREE REZONING**

Applicant:	Gazza South, LLC
Property Owner:	Gazza South, LLC
Agent for the Applicant:	Mathers Engineering Corporation, William J. Mathers, P.E.
County Project Coordinator:	Peter Walden, AICP
Growth Management Director:	Paul Schilling
Project Number:	T094-040
Application Type and Number:	DEV2020080007
Report Number:	2020_0928_T094-040_Staff_Report_Final
Application Received:	08/27/2020
Transmitted:	08/27/2020
Staff Report:	09/28/2020
LPA Hearing:	10/15/2020
BCC Hearing:	11/10/2020

This document may be reproduced upon request in an alternative format by contacting the County ADA Coordinator (772) 320-3131, the County Administration Office (772) 288-5400, Florida Relay 711, or by completing our accessibility feedback form at [www.martin.fl.us/accessibility-feedback](http://www.martin.fl.us/accessibility-feedback).

### ***B. Project description and analysis***

This is a request for zoning district change from the LI, Limited Industrial district and R-3A, Liberal Multi-Family District to the GI, General Industrial district or the most appropriate district. The three parcels total approximately 5.53 acres and are located within the Treasure Coast Commerce Center (TCCC) at the terminus of SW Commerce Way, west of SW Jack James Drive in Stuart. Included with the application is a request for a Certificate of Public Facilities Exemption.

The applicant is planning for marine manufacturing on the subject property, a targeted business. This use is permitted in the limited industrial district but due to the needs of the manufacturing process the additional 10 feet of building height provided by the General Industrial zoning district is needed for the successful operations of his company.

Lots four and five were platted as part of Treasure Coast Commerce Center in 2003. The adjacent parcel, Tract 7 is surrounded by TCCC but was not incorporated into the 2003 plat. The three parcels are undeveloped and are adjacent to existing industrial uses. There are no residential uses adjacent to the property as the property backs up to the Florida Turnpike to the west and industrial development to the

north, south and east.

The R-3A Zoning District is not consistent with the Limited Industrial future land use. However, the LI, Limited Industrial zoning district on lots four and five is consistent with the land use therefore, the rezoning is considered non-mandatory.

The future land use designation for the property on the Future Land Use Map (FLUM) of the County's Comprehensive Growth Management Plan (CGMP) is Industrial, which is a classification that allocates land resources for existing and anticipated future industrial development needs. The allocation process gives high priority to industry's need for lands accessible to rail facilities, major arterials or interchanges, labor markets and the services of the Primary Urban Service District. Industrial development includes both Limited Impact and Extensive Impact Industries.

There are three (3) standard zoning districts that are available to implement the Industrial land use policies of the CGMP, which are LI Limited Industrial, GI General Industrial, and HI Heavy Industrial districts. In addition to the standard zoning districts, the PUD (Planned Unit Development) District is also available as another option. The PUD District offers more design flexibility to applicants for proposed projects. In exchange the district requires additional benefits to the County and more controls by the County. The applicant is proposing to rezone the property to the GI, General Industrial District. The following tables compare the permitted uses and the development standards for the available standard zoning districts.

**TABLE 3.11.2 (EXCERPT)**  
**PERMITTED USES – CATEGORY “A” NONRESIDENTIAL DISTRICTS**

USE CATEGORY	LI	GI	HI
<i><b>Residential Uses</b></i>			
Accessory dwelling units	P	P	P

### Standards for Amendments to the Zoning Atlas

1. The Comprehensive Growth Management Plan (CGMP) states in Chapter 4, Section 4.4: “Goal 4.4 To eliminate or reduce uses of land that are inconsistent with community character or desired future land uses.” And, in Objective 4.4A. “To eliminate inconsistencies between the FLUM and the zoning maps and regulations.”
2. The Martin County Land Development Regulations (LDR), Article 3, Section 3.2 E.1. provide the following “Standards for amendments to the Zoning Atlas.”

*The Future Land Use Map of the CGMP (Comprehensive Growth Management Plan) establishes the optimum overall distribution of land uses. The CGMP also establishes a series of land use categories, which provide, among other things, overall density and intensity limits. The Future Land Use Map shall not be construed to mean that every parcel is guaranteed the maximum density and intensity possible pursuant to the CGMP and these Land Development Regulations. All goals, objectives, and policies of the CGMP shall be considered when a proposed rezoning is considered. The County shall have the discretion to decide that the development allowed on any given parcel of land shall be more limited than the maximum allowable under the assigned Future Land Use Category; provided, however, that the County shall approve some development that is consistent with the CGMP, and the decision is fairly debatable or is supported by substantial, competent evidence depending on the fundamental nature of the proceeding. If upon reviewing a proposed rezoning request the County determines that the Future Land Use designation of the CGMP is inappropriate, the County may deny such rezoning request and initiate an appropriate amendment to the CGMP.*

3. The Martin County Land Development Regulations (LDR), in Section 3.2.E.2., provides the following “Standards for amendments to the Zoning Atlas.” In the review of a proposed amendment

to the Zoning Atlas, the Board of County Commissioners shall consider the following:

**a. *Whether the proposed amendment is consistent with all applicable provisions of the Comprehensive Plan; and,***

The subject property is designated for Industrial land use on the Future Land Use Map (FLUM) of the Comprehensive Growth Management Plan (CGMP). The zoning implementation policies and requirements are contained in Article 3, Zoning Regulations, Land Development Regulations, Martin County Code identify three (3) standard zoning districts, including LI, GI, and HI, that are available to implement the Industrial future land use classification.

In addition to the standard zoning districts the PUD (Planned Unit Development) District is also available as a fourth option. The PUD District offers more design flexibility to applicants for proposed projects in exchange for additional benefits provided to the public and more controls by the County, which is considered concurrently with a proposed site plan. The choice of the most appropriate district for the subject property is a policy decision the Local Planning Agency (LPA) and the Board of County Commissioners (BCC) are asked to consider based on the “standards for amendments to the zoning atlas” provided in Section 3.2 E.1., Land Development Regulations (LDR), Martin County Code (MCC).

Policy 4.13A.8.(1) of Chapter 4, Future Land Use Element, of the CGMP addresses the Industrial land use designation:

*The FLUM allocates land resources for existing and anticipated future industrial development needs. The allocation process gives high priority to industry's need for lands accessible to rail facilities, major arterials or interchanges, labor markets and the services of the Primary Urban Service District. Industrial development includes both Limited Impact and Extensive Impact Industries. Limited Impact Industries include research and development, light assembly and manufacturing. Extensive Impact Industries include heavy assembly plants, manufacturing/processing plants, fabricators of metal products, steam/electricity co-generation plants and uses customarily associated with airports.*

*Private development of airport property shall be subject to an Airport Zoning District or Planned Unit Development (Airport) Zoning District, when such a district is adopted to implement this policy.*

*The locational criteria require that all development in areas designated Industrial shall provide assurances that regional water distribution and wastewater collection utilities shall be provided by a regional public utility system, as described in the Sanitary Sewer Services Element and the Potable Water Services Element. Areas of the County where freestanding urban services (i.e., regional utility system) can be provided by a group of industrial users may be considered as independent or freestanding urban service districts. They may be illustrated as such on Figure 4-2 in conjunction with formal amendments to the FLUM as provided in section 1.11, Amendment Procedures. All such freestanding urban service districts must comply with the adopted LOS standards in this Plan and the Capital Improvements Element.*

*Industrially designated areas are not generally adaptive to residential use, and they*

*shall not be located in areas designated for residential development unless planned for a mixed-use development allowed under Goal 4.3 or in a large-scale PUD.*

*This provision shall not prohibit residences for night watchmen or custodians whose presence on industrial sites is necessary for security purposes. Such a use may be permitted through the Land Development Regulations.*

This application requests a rezoning of the property to the GI, General Industrial zoning district, which is compatible to implement the CGMP policies for lands designated Industrial on the Future Land Use Map of the CGMP. The site is located in the platted TCCC industrial subdivision and is located adjacent to the Florida Turnpike and is accessed by SW Kanner Highway, a major arterial roadway, therefore meets the locational criteria of being an accessible site adjacent to a major thoroughfare. Furthermore, it is located within a large area of land designated for industrial land use and is not adjacent to residential land use. The site is located within the primary urban services district and will be required to demonstrate compliance with all applicable standards for the Industrial land use designation in the CGMP.

***b. Whether the proposed amendment is consistent with all applicable provisions of the LDR; and,***

There are three (3) standard zoning districts that are available to implement the Industrial future land use policies of the CGMP. The three (3) standard zoning districts include the LI Limited Industrial, GI General Industrial, and HI Heavy Industrial Districts.

The subject property has an area of approximately 5.53 acres and fronts the right-of-way for SW Commerce Way, consistent with the minimum development standards governing the requested GI Zoning District, as shown above in Table 13.12.1. With respect to the other Land Development Regulation requirements related to roads, drainage, environmental protection, utilities, emergency services, landscaping, etc., full compliance cannot be assessed until a specific plan has been selected for the property and an application is submitted to the County.

The granting of a zoning change by the County does not exempt the applicant from any of the County's Land Development Regulations and no development of the property is proposed as part of this application requesting a rezoning. The applicant must demonstrate full compliance with all regulations prior to any Development Order approval action taken by the County.

***c. Whether the proposed district amendment is compatible with the character of the existing land uses in the adjacent and surrounding area and the peculiar suitability of the property for the proposed zoning use; and,***

As shown in the figures contained in Section E below, the subject property is located in a platted industrial subdivision adjacent to the Florida Turnpike and accessed by SW Kanner Highway which is a major arterial roadway. The adjacent parcels to the north, south and east have the same Industrial land use. The primary land use pattern that has been established and recognized on the Future Land Use Map (FLUM) of the CGMP for the local area include a concentration of industrial uses. The proposed zoning district of GI is consistent with the Industrial future land use designation. Existing development within the area consists primarily of industrial uses, consistent with the location and future land use designation. Therefore, the requested GI zoning district is suitable to the site and is compatible with the character of the existing land uses in the adjacent and surrounding area.

**d. *Whether and to what extent there are documented changed conditions in the area; and,***

The requested zoning district of GI is consistent with the future land use designation and the currently existing development associated with the areas adjacent to, and within proximity of, the subject site. This site is located within the primary urban service district and the infrastructure needed to support and provide services to the existing and proposed development in this local area are available. Development that has occurred historically and recently surrounding the site is in conformance with the industrial land use designated for the area. Any development proposed on the property in conformance with the Industrial future land use designation and GI zoning district will be required to meet the County development standards. Therefore, the proposed GI zoning is compatible with the existing historical uses and the current contemporaneous development pattern and is appropriate for this property.

**e. *Whether and to what extent the proposed amendment would result in demands on public facilities; and,***

The subject property is located within the Primary Urban Services District of the County. As such, the full range of urban services at service levels established by the CGMP is available or must be made available for any uses that are planned for the property. Water and wastewater services to the site are already provided to the existing site by Martin County Utilities, the regional service provider for this area of the County.

**f. *Whether and to what extent the proposed amendment would result in a logical, timely and orderly development pattern which conserves the value of existing development and is an appropriate use of the county's resources; and,***

The land use pattern that has been established and recognized on the Future Land Use Map (FLUM) of the CGMP for development contains industrial land uses within proximity to the subject parcel. The rezoning to GI, General Industrial District, would be consistent with the Industrial Future Land Use provisions and provide the opportunity for the industrial use of the property. This development pattern is well established adjacent to, and within the vicinity of, the subject parcel and the extension of this pattern to the subject property through the assignment of the requested GI zoning district is suitable, contemplated and supported by the CGMP.

**g. *Consideration of the facts presented at the public hearings.***

The subject application requires a public hearing before the Local Planning Agency, who will make a recommendation on the request; and, before the Board of County Commissioners, who will take final action on the request. The two public hearings will provide the public an opportunity to participate in the review and decision-making process.

### **C. Staff recommendation**

The specific findings and conclusion of each review agency related to this request are identified in Sections F through T of this report. The current review status for each agency is as follows:

<b>Section</b>	<b>Division or Department</b>	<b>Reviewer</b>	<b>Phone</b>	<b>Assessment</b>
----------------	-------------------------------	-----------------	--------------	-------------------

F	Comprehensive Plan	Peter Walden	219-4923	Comply
G	Development Review	Peter Walden	219-4923	Comply
H	County Attorney	Krista Storey	288-5443	Review Ongoing
I	Adequate Public Facilities	Peter Walden	219-4923	Exempt

Staff has reviewed this petition for a rezoning of property to the appropriate zoning district designation, has determined that the petition has been submitted and reviewed consistent with the procedural requirements of Article 10 and is in compliance with the substantive provisions of Article 3. Staff recommends approval of this rezoning petition.

#### ***D. Review Board action***

This application is classified as an amendment to the official zoning atlas. Pursuant to Section 10.3.B., Land Development Regulations (LDR), Martin County, Fla. (2019), a review of this application at a public hearing is required by the Local Planning Agency (LPA), which shall provide a recommendation for the Board's consideration. And, pursuant to Section 10.5.F., LDR, Martin County, Fla. (2019), final action on this request for an amendment to the official zoning map is required by the Board of County Commissioners (BCC) at a public hearing.

#### ***E. Location and site information***

#### ***F. Determination of compliance with Comprehensive Growth Management Plan requirements - Growth Management Department***

##### **Findings of Compliance:**

The Growth Management Department Development Review Division staff has reviewed the application and finds it in compliance with the applicable regulations. There are no unresolved Comprehensive Growth Management Plan requirements issues associated with this application.

#### ***G. Determination of compliance with land use, site design standards, zoning, and procedural requirements - Growth Management Department***

##### **Findings of Compliance:**

The Growth Management Department Development Review Division staff has reviewed the application and finds it in compliance with the applicable regulations. There are no unresolved land use, site design standards, zoning and procedural requirements issues associated with this application.

##### **Additional Information:**

##### **Information #1:**

Notice Of A Public Hearing

The notice of a public hearing regarding development applications shall be mailed at least 14 calendar

days (seven calendar days if the application is being expedited pursuant to section 10.5.E.) prior to the public hearing by the applicant to all owners of real property located within a distance of 500 feet of the boundaries of the affected property. For development parcels which lie outside of or border the primary urban service district, the notification distance shall be increased to 1000 feet. In addition, notice shall be mailed to all homeowner associations, condominium associations and the owners of each condominium unit within the notice area. MARTIN COUNTY, FLA., LDR, § 10.6.E.1.

**Information #2:**

Notice(s) of public hearings regarding development applications shall be published at least 14 days prior to the date of the public hearing (seven calendar days if the application is being expedited pursuant to section 10.5.E) in the legal advertisement section of a newspaper of general circulation in Martin County. The applicant shall reimburse the County for the cost(s) of the newspaper ad(s) as a post approval requirement for the application. [Section 10.6.D., LDR, MCC]

***H. Determination of compliance with legal requirements - County Attorney's Office***

**Review Ongoing**

***I. Determination of compliance with the adequate public facilities requirements - responsible departments***

The review for compliance with the standards for a Certificate of Adequate Public Facilities Exemption for development demonstrates that no additional impacts on public facilities were created in accordance with Section 5.32.B., LDR, Martin County, Fla. (2016). Exempted development will be treated as committed development for which the County assures concurrency.

Examples of developments that do not create additional impact on public facilities include:

- A. Additions to nonresidential uses that do not create additional impact on public facilities;
- B. Changes in use of property when the new use does not increase the impact on public facilities over the pre-existing use, except that no change in use will be considered exempt when the preexisting use has been discontinued for two years or more;
- C. Zoning district changes to the district of lowest density or intensity necessary to achieve consistency with the Comprehensive Growth Management Plan;
- D. Boundary plats which permit no site development.

***J. Post-approval requirements***

Approval of the development order is conditioned upon the applicant's submittal of all required documents, executed where appropriate, to the Growth Management Department (GMD), including unpaid fees, within sixty (60) days of the final action granting approval.

**Item #1:**

Post Approval Fees: The applicant is required to pay all remaining fees when submitting the post approval packet. If an extension is granted, the fees must be paid within 60 days from the date of the development order. Checks should be made payable to Martin County Board of County Commissioners.

**Item #2:**

Recording Costs: The applicant is responsible for all recording costs. The Growth Management Department will calculate the recording costs and contact the applicant with the payment amount required.

Checks should be made payable to the Martin County Clerk of Court.

### ***K. Local, State, and Federal Permits***

There are no applicable Local, State and Federal Permits associated with amendments to the County Zoning Atlas.

### ***L. Fees***

Public advertising fees for the development order will be determined and billed subsequent to the public hearing. Fees for this application are calculated as follows:

<i>Fee type:</i>	<i>Fee amount:</i>	<i>Fee payment:</i>	<i>Balance:</i>
Application review fees:	\$3,115.00	\$3,115.00	\$0.00
Advertising fees*:	TBD		
Recording fees**:	TBD		

\* Advertising fees will be determined once the ads have been placed and billed to the County.

\*\* Recording fees will be identified on the post approval checklist.
