

Exhibit D

Division 2 of Article 5 in the Land Development Regulations is amended as followed:

(All other sections in the Division not set forth below will remain unchanged)

Division 2. Adequate Public Facilities

Sec. 5.32. Regulatory program to ensure adequate public facilities.

5.32.D. *Procedure to obtain certificate of public facilities reservation.*

4. *Terms, expiration and effect of certificate of public facilities reservation.* A certificate of public facilities reservation shall be subject to the following terms, expiration and effect.
 - a. *Timetable for development.* A timetable for completion of the development, or portion thereof, that is subject to the certificate of public facilities reservation shall be identified in the certificate of public facilities reservation and shall be consistent with the valid duration of the certificate of public facilities reservation. The timetable of development commences on the date of approval of a certificate of public facilities reservation. The development encompassed by the timetable in a valid, unexpired certificate issued prior to the effective date of this article must be completed in the timeframe required in such certificate of public facilities reservation and remains subject to the proportionality of development tests and the limitations of section 5.32.D.4.d; provided, however, such certificate shall not be further amended nor extended except in accordance with this article. The development encompassed by the timetable in a certificate issued on or after the effective date of this article must be completed within the "timetable" specified in section 5.32.D.4.a(1), for the "type of development" referenced therein. In addition, the project timetable must meet the proportionality of development test as defined in section 5.3.
