In August, 1963 a one hundred (100') foot Drainage Easement was accepted by Martin County from Circle T. Ranch, Inc. for perpetual use, construction, operation, and maintenance of a drainage ditch, with culvert and pipe.

The property was recently purchased by Dan Rothell IRA, LLC and Baxter Rothell IRA LLC.

In February 2018, it was discovered that the existing easement and legal description did not encompass the culvert and pipe installed in 1963, and over half of the "drainage canal" going through the subject property did not fall within the legal description of the 1963 Easement. Field Operations requested release of the current Drainage Easement and issuance of a new Drainage Easement with corrected legal description, to include all of the area needed for maintenance and drainage purposes.

Real Property has confirmed ownership and there are no mortgages encumbering the easement premises.

Sec. 139.31 and 139.32, General Ordinances, Martin County Code require that any conveyance of an interest in land to Martin County for any public purpose shall be accepted and approved by resolution by the Board of County Commissioners of Martin County.
