**BACKGROUND/RELATED STRATEGIC GOAL:**

The Board has been providing fire protection services to the incorporated Town of Ocean Breeze

("Town") through an Interlocal Agreement with the most recent term commencing in Fiscal Year 2011 (FY11) and expiring in FY18. The Interlocal Agreement was amended in FY18 to address inequities caused by redevelopment plans to build out the Town by applying the Countywide Fire/Rescue MSTU millage rate to the estimated taxable value of the incorporated area. This ensured that the residents of the Town are paying the same rate for readiness and response as the citizens in the unincorporated areas of Martin County. In July of 2018, the Town Council of The Town of Ocean Breeze passed Ordinance number 278-2018 requesting and consenting that the Town be included into the boundary definition of the Countywide Fire/Rescue MSTU.

**LEGAL SUFFICIENCY REVIEW:**

This is a legislative matter. Legislative decisions are those in which the local government formulates policy rather than applying specific rules to a particular situation. A local government's approval or denial of an issue in its legislative capacity is typically subject to a fairly debatable standard of review. Fairly debatable means that the government's action must be upheld if reasonable minds could differ as to the propriety of the decision reached. Decisions subject to the fairly debatable standard of review need only be rationally related to a legitimate public purpose, such as the health, safety, and welfare of the public, to be valid. Given this broad discretion, only decisions that arbitrary and capricious or illegal are subject to serious legal challenge.

**RECOMMENDED ACTION:**
